BOYS LEAVE FOR TRAINING CAMP

On Thursday the twentieth the boys of this district left for training at Camp Meade, Maryland. There were seventy from Annnville and vicinity, and sixty-seven from Lebanon. The school and college students, the Grand Army and band paraded to the Engine House, after which the boys marched to the station. Judge Henry, of Lebanon, and Mr. Moyer, of Palmyra, President of the P. O. S. of A., spoke to the boys and their many friends. They spoke very encouragingly and emphasized the duty and honor that is placed upon them, and that they are to go with the determination of destroying despotism and militarism. But when they go and perform their duty as brave soldiers they shall be true, brave, moral men; that when they return they can meet their friends without tint of shame or untruthfulness. After the speeches Rev. Whitman of the Lutheran church of Annnville offered prayer in behalf of the boys.

Among the boys to leave were three of our Alumni: Earl Carmany, '12, of Annnville; Joseph Hollinger, '16, of Annnville, and Jesse Reed, '13, of Lebanon. We certainly are proud of these men, who will be among the first to represent L. V. C. in the world's greatest war and feel sure that they will fight for "Old Glory" as they fought so often for L. V. C. in base ball, foot ball, and basket ball. As a student body we wish them the best of success, and that they may return to us feeling they have done what they could.

Let us remember the boys who have answered the call of our country by writing to them and talking to them and then all of us can offer a prayer, to the One Great Protector in their behalf.

KALUZETEAN.

The first literary session of Kalo. was held on Friday evening and despite the fact that many of our strong men have been turned into "Sammies" the attendance was very good. Quite a few visitors were present and to these was extended a very hearty welcome. Several of our grads. were present for the last time before they obey Old Glory's call. The first paper by Leroy Walters, "The Land Where Hatred Expires," was a splendid composition on True Americanism and its vital

BISHOP WASHINGER ADDRESS STUDENTS

With a student body somewhat depleted by the call to the colors and replenished by a goodly supply of "things that grow," Lebanon Valley entered upon its 52nd year of history on Wednesday. The opening at 10 A. M. conducted by Pres. Gossard was addressed by Bishop Washinger, a graduate of the class of '89. He is at present Bishop over the Pacific Coast district with residence at Portland, Oregon; having been elected to that position at the General Conference last May.

His address was one which was full of sound advice both to the old and to the new students. Among these was the congratulation of the student body for their choice of a denominational school; the necessity of being in tune with the Infinite in body, mind, and spirit; and the selection of a vocation in harmony with ones natural gifts.

Along with new faces in the student body there were also noted some among the faculty. Miss Charlotte Maclean, A. B. and A. M., from Bryn Mawr, Phd. from U. of P. who will have charge of the English department. Miss Clare Holtzhauser A. B. and A. M. from U. of P. who will receive her Phd. from the same in February, will take charge of the entire Latin department. The French department is under the supervision of Miss Schmauk and Mrs. Green. In charge of the Art department is Mrs. Leroy Ulrich, of Annnville. Paul S. Wagner, '17, of Hershey, has been elected to the principleship of the Academy.

FOOT BALL PROSPECTS.

Despite the fact that the war has claimed many of Lebanon Valley's stars, the prospects for a splendid foot ball team and a successful season are exceptionally bright. Joe Wheelock, former Carlisle Indian School and Lebanon Valley star succeeds Roy Guyer as coach and with the extensive knowledge which Wheelock has of the game it is sure that the team will not be lacking in coaching ability.

Captain Morrison, Keating, Jaeger, Haines, Snavelly, Duppes, Winishiek, Walter, and Atticks have all returned to school and around this combination a strong team can be built. Mackert, Loomis, R. Swartz, R. Rupp, DeHuff, W. Swartz, Wenrich, Adams, Buckwalter, and Goff have been lost to the school either

STUDENTS' RECEPTION

On Saturday evening the members of the Y. W. C. A. and Y. M. C. A. gave a reception to the new members of the faculty and the new students. Every one pronounced the affair quite a success and surely a jolly spirit of good fellowship prevailed. The Alumni Gymnasium where the reception was held was tastefully decorated with pennants and golden-rod. The committee in charge was quite successful in getting everyone acquainted and are to be congratulated for every detail which was so carefully arranged. The reception was given a real military air by the presence of several former students who are now in military service but who could not resist the call to come back to L. V. for the evening.

Mr. Martin, president of the Y. M. C. A., introduced the persons who took part in the program. Marie Richwine entertained the crowd with a piano solo, after which the "Old Story" quartet sang several selections. Miss Oyer sang and Violet Mark gave a reading and it is needless to say that each of these selections were enjoyed.

Dr. Gossard in his usual manner greeted the new students and assured them that not only pleasure but work awaited them here. During the evening hearty cheers were given for "Our Boys" who are now engaged in military service. If the reception can fortell the years work we can feel sure that the coming year will be full of pleasure and success for every one.

LEBANON VALLEY BOYS IN U. S. SERVICE.

by graduation or by enlistment in the various branches of Uncle Sam's army. Among the new candidates will be Hugh Wheelock, former Carlisle star tackle and a brother to Coach; Clerk of St. Beuona Vista College will be a strong candidate for the Varsity while Moore, of Lebanon, and Grant, of Sunbury, are likely men for positions.

We appeal to the men of the school to come out for the team. It is your team and your school and both will be just what you make them. If you cannot make the Varsity, at least try to make an impression for the team needs the practise that you can give them. Show your Lebanon Valley spirit by working in behalf of athletic teams.

PHILOKOSMIAN.

Philo's initial programme was delightfully rendered before a large and appreciative audience. Although many old faces did not appear the presence of many new students declared that the ranks, somewhat depleted by the call to the colors and graduation will soon be filled by new men.

After a reverent devotional exercise Mr. Deibler in well chosen words voiced the sentiments of the society in expressing a hearty wel-

come to the new students. Mr. McLaughlin in a paper entitled, "Lebanon Valley's Contribution to the War," told of the forty-eight L. V. heroes who have gone forth in defence of the principles of Democracy—some into the Hospital Corps, others into the Aviation Corps, Artillery service, etc. It was quite interesting to learn that some of the L. V. boys have been given positions of honor and responsibility.

Altho the decision of the judges was in favor of the negative in the debate, the arguments by both sides were very fine, logical and persuasive. Mr. Snively, the first affirmative speaker, vividly pictured the horrors of the German ruthlessness and argued that only by forcing them to feel the awfulness of their atrocities by retaliation could it be brought to an end. Mr. Castetter, the next speaker, in a logical way showed that the action suggested by the first speaker would only add to the horror and barbarity and would not prevent it; his arguments were presented from a moral standpoint.

Mr. Gemmie, the second affirmative speaker, refuted some of these arguments and built a new line of argument, while Mr. Berger, the last speaker, rebutted some of these and presented arguments from the standpoint of Economics and Humanitarianism. The piano solo by Mr. Jack-owick displayed his ability as a fine pianist and the hearty applause evidenced that it was received with favor. Mr. Ehrhart in a well prepared paper told of Kerensky, "the man of the hour," whose courage, zeal and activity have enabled him to save his country from internal disorder and insurrection at the critical time. Mr. Boughter in "Living Thots" added wit and humor to the program and exposed some of the comic happenings at L. V.

A spirit of quiet was present during the rendition of the program. The fact that many Philos were at the front, fighting for the Flag, brought back fond memories and caused all to feel justly proud that our men have sacrificed so many things in defense of the cause of right.

JUNIOR GIRLS ENTERTAIN.

Did you hear strange noises on the campus on Thursday evening? If you did do not be alarmed for it was only a party given in honor of the new girls by their class cousins, the Junior girls. The ladies of the faculty and all the girls of the college were invited to the veranda of North Hall for a marshmellow toast. The party was really a "get acquainted" party and in that respect it was quite a success for the girls became acquainted not only in a social way but many of the new girls displayed their quick presence of mind as well as their sympathetic hearts. Several interesting games were played on the campus after which the candles and marshmallows were introduced to the crowd. Here again the attraction seemed to be mutual. The new girls pronounced the party a sure cure for homesickness and one said that the party would have been quite a success if a tragic affair had not occurred to spoil all the fun. But before the party came to a close all agreed that the tragic affair, which fortunately did not prove serious, as had been supposed really added to the fun.

CLIONIAN.

Clio's first session was well attended by the members as well as many visitors. It is the hope of the society that the visitors will soon be considered as members. Greetings were brought to the new girls and they were assured of the hearty welcome given by every girl in the college. In order for Clio to grow and succeed she needs the help and inspiration of the new girls. Virginia Smith sang a very clever solo and the piano solo by Jennie Sebastian was much enjoyed. The Hughes vaudeville gave a three part sketch and caused a great deal of merriment. The members of Clio extend a hearty invitation to all the new girls to join them in their literary and social sessions.

FEATHER TOQUE VERY POPULAR

This hat is a small close-fitting toque of white feathers made over a foundation of white twill silk. The whole hat is made small. The individual feathers are laid on a foundation so that they point upward and toward the back.

Because it is a small hat, it will go with almost any street costume, and it is quite a fitting head covering also while motoring.

connection to every man, woman, and child, under the Stars and the Stripes. "Our Boys in the War," a paper by William Isaacs was very interesting and inspiring. We were brought into an understanding of the need and of the sacrifices made by our men from L. V. C. who have properly loved Country, Democracy, and Civilization, rather than personal advancement and glory.

The vocal solo by Paul Hilbert was enjoyed by all and the entire society heartily joined in the chorus of his encore, "Smile—Smile—Smile." Raymond Nissley's paper on the Red Cross was very timely and comprehensive. He also serves who only sews and contributes of his means. We trust that it may be said of every L. V. C. man that he has done his best for his country. The Examiner by the Editor was exceedingly interesting and witty and on the whole very examining.

Y. M. C. A.

The opening session of the Y. M. C. A. was one in which enthusiasm and sincerity of purpose seemed co-operating. The meeting was addressed by Prof. Shroyer who in his usual kindly manner brot to the old and new students advice which cannot but be of help to very one. He laid special emphasis upon the necessity of the new men lining up for Christian work. As an example of the influence which the associations has upon the college man he compared it with the stability secured in mechanics by the use of a Gyroscope. Dr. Gossard greeted the new men and urged them to follow the advice given. The singing of the 'Old Story' quartette was a feature which seemed to be enjoyed by all.

"GREENS."

With the opening of another term at L. V. there comes also another lot of our friends in green. Altho the serious affairs of the nation have somewhat decreased the number which was expected, yet we have a class of about 54. When compared to former classes they are lacking in number but judging by their actions thus far they have caught the L. V. spirit and will make up in enthusiasm what they lack in numbers.

In the two 'scraps' with the sophomores they put up a game fight and tho they won the short end of the tussel it was not given over easily. There has also been some rumor that 1921 is boasting of its pretty girls and the boys are anxiously waiting for the time when October is past.

MUSIC NOTES.

The Music department opened with a slight increase of students as compared with last year. Mr. Linebaugh has been elected a member of the Conservatory Faculty to fill the vacancy left by Prof. Campbell who has been called into the National Army.

Miss Bachman, a former member of the Faculty, has accepted a position on the Music Faculty in the Normal School at West Liberty, W. Virginia.

A two manual Moller practice organ has been placed in the Conservatory.

True Love.

Love is the purification of the heart from itself; it strengthens and ennobles the character, gives a higher motive and a nobler aim to every action of life, and makes both man and woman strong, noble, and courageous; and the power to love truly and devotedly is the noblest gift with which a human being can be endowed; but it is a sacred fire that must not be burnt to idols.

Miner John Stevesky, of Drifton, was struck by a Lehigh Valley Railroad train near Freeland and died two hours afterward.

Humorous Editors—Francis Snively, Miriam Lenhart.

Photographers—Elena Secrist, Rufus Snyder, Charles Horn.

Cartoonists—Ruth Haines, Susan Bachman.

Music Editor—Ada Bossard.

Y. W. C. A.

The Y. W. C. A. held their first meeting on Sunday afternoon in the Clonian Hall and were delighted to have almost every new girl in attendance. A very hearty welcome was extended by the President to the old girls who were back and most especially to the new girls. The meeting was alive with spirit for the coming year. The chairman of each committee gave a vivid outline of the work her committee was doing and expected to do in relation to the fulfillment of the purpose of the Y. W. C. A.

A solo by Miss Frankie Kline added to the enjoyment of the afternoon. After the session of Y. W. the new girls received "pop calls" from the old girls and these calls are expected to be returned next Sunday afternoon. In this way the Y. W. C. A. feels that the girls will become better acquainted with each other.

SOCIETY NOTES.

Among the visitors who attended the Students' reception, were: —

VARSIITYLOSES TO WESLEYAN

On the trip the team practised at Grafton and showed a lot of pep, which was taken right to Buchanan, W. Va. The squad arrived in first class condition but a little soft from the short training time.

The game started with Lebanon Valley defending the west goal. Capt. Morrison having won the toss. Walters received the kick off on his own five yard line and carried it back thirty yards. By a series of short plunges and a brilliant run by Haines the ball was advanced well into Wesleyan territory where a forward pass was intercepted and Wesleyan received the ball. On the first play they made biggest gain, carrying the ball for 15 yards. Failing to make their distance on the following three tries, kicked to Keating, whose signal for a fair catch being ignored the ball was fumbled and Wesleyan recovered it on the L. V. 15 yard line. Here Lebanon Valley held like a stone wall and a drop kick was attempted but it was so hurried that it went wild. The first half ended with the ball in midfield, score 0-0.

The second half began without Wine, who was injured early in the first quarter; Walters, Keating and Simonette. The ball was run back to the 40 yard line where the play saw-sawed back and forth until an exchange of punts left the ball in L. V.'s 20 yard line. One of Wheeler's kicks was blocked and Wesleyan recovered inside the 10 yard line and rushed across for their first touch-down. From this point L. V. pushed the playing but the warm weather and relatively long periods were telling on our light team. A bad pass gave the opponents the ball on the 5 yard line and they rushed in several new men and on the last down edged the ball across the line. The try at goal was blocked.

The game was unnecessarily rough with lax but on the whole fair officiating. Wesleyan has the best prospects in years supplemented by three weeks pre-season training. The men average about 190 pounds. Veterans, among whom are Beck and Calas, are responsible for most of Saturday's gains. Coupling these facts with the light weight of our practically new team we can be proud of the showing made.

The new men in the line up did fine work. Haines was brilliant on

DR. HOUGH ADDRESSES STUDENTS

The joint session of the Y. W. and Y. M. C. A. on Sunday afternoon was addressed by Dr. S. S. Hough, of Dayton, Ohio, General Secretary of the Foreign Missionary Society of the U. B. church. Dr. Hough in his address on the "Challenge for Leadership to American Students" pointed out in a very enthusiastic way the urgent need of immediate preparation for leadership. He emphasized the fact that at the close of the present war the foreign countries will look to America for leaders and hence we should prepare ourselves now for the coming vacancies which will have to be filled by the present generation of students. He congratulated the students of L. V. for their support of Dr. Weidler, Missionary to Africa, and encouraged them to continue their good work. The vocal solo by Miss Richwine and the selection, "I Want my Life to Tell" by the "Old Story" quartette were very inspiring and very much enjoyed by all. Among the visitors were Dr. Gossard, Prof. J. E. Lehman, and Rev. S. F. Daugherty. Their presence showed us that they are interested in the work of the Y. W. and Y. M. C. A. and we extend a most hearty welcome to visitors at all times.

RESERVES DEFEAT LEBANON HIGH.

On Saturday the Reserves defeated the fast Lebanon High School team in a closely contested game. The game started with Kernan kicking off. The Reserves soon had the ball near their opponents line but fumbled at critical times. Near the end of the first half the ball was carried over by Willard in a finely executed line plunge. In the second half the play shifted back and forth in the middle of the field, until Willard received the ball and by a splendid run carried the pig skin over the goal line. Kernan kicked the goal from touch down. As a whole the team played splendidly and with a little support from the student body they promise a fine record. Willard, Berger and Kernan carried the ball in fine style, while

FOOT BALL MASS MEETING

The first foot ball mass meeting was held in the chapel on Wednesday evening. There was quite a large representation of the student body present. Paul Shannon, as the cheer leader, put a lot of "pep" into the crowd and the old walls knew that once more the foot ball season had come. Judging from the cheering and singing the boys could be assured of a hearty send-off. Walter Deibler the assistant foot ball manager introduced the speakers of the evening in most affectionate terms. Paul Strickler, '14, of Lebanon, encouraged the boys to earnest team work in this strategic time in college foot ball. All the colleges had agreed not to have any practice previous to the opening of school. Our men had only several days practice, but with the excellent training by Coach Wheelock the game was being well played.

Everyone promised to be at the train the next day when the men would leave for their first game and true to their promise a large crowd marched to the depot on Thursday afternoon where college songs and yells again expressed the enthusiasm of the student body.

OUR FIRST HIKE

(By a Freshman)

"The Freshmen are having a doggie roast tonight at the Water Works. Everybody is cordially invited to go along. They are meeting at the bridge at 7 o'clock." This was the announcement made last Monday night in the dining hall at supper time, after all our efforts to keep it a secret. We all felt a trifle more insignificant than we really are at this announcement, for we know all eyes were upon us. We were guilty, too, because we had been selfish enough not to invite any one but those belonging to the class of '21. Then after this invitation, the thought entered our heads that perhaps we would not have enough to eat if every one accepted. So with trembling hearts we made our way to the bridge to find to our very great sorrow, or should I say greater joy, that none but verdant Freshmen were to be seen. Whether it was that the invitation was not ex-

CONFERENCE IN ANNVILLE.

The Hundred and Eighteenth session of the East Pennsylvania Conference of the Church of the Brethren in Christ will convene on October Third. With it come great opportunities both to the delegates and our student body. To the ministers and delegates; we bid you welcome, and hope that your stay in the home of our Alma Mater may be all that you desire it to be.

To the student body: we would ask you to consider just what the coming of the conference means to us. It means an opportunity to hear an abundance of good addresses and sermons by the best men the church affords. Especially would we emphasize the several addresses and sermons by Bishop Bell, whose masterful ability as an orator was shown in the Baccalaureate Sermon delivered to the Class of 1917. In the joint session of the Christian Associations on Sunday, Dr. Hough showed his sympathetic and intense knowledge of the present war and its relation to all phases of life, especially college life, and we know that, having had a taste of it, we are all eager to hear his address on Thursday evening. This is our opportunity to show our appreciation of the interest shown in us by the friends and alumni of L. V.—many of whom will attend the conference.

MATH. ROUND TABLE.

The Mathematical Round Table

met in Professor Lehman's class room on Wednesday evening. Prof. Lehman led in the discussion, "Why I Study Mathematics," while Prof. Grimm led that of "Why Students do Not Study Mathematics." Many interesting thots were brot out by the different members of the Round Table. The following officers were elected for this semester: President, Mr. Martin; Vice President, Mr. Baker; Secretary, Miss Ceerist; Treasurer, Mr. Spangler. The next meeting will be held on October 24 and it is hoped that all the members and friends will attend as an interesting program is being planned.

SOCIETY NOTES.

Mrs. E. L. Hughes, Miss Helen Hughes, of York, Pa., and Mrs. H. H. Hocker and Mrs. E. R. Kunkle, of Harrisburg, were the guests of Miss Ruth Hughes, '19.

Miss Marguerite Engle, '18, spent the week end with her parents at Hummelstown.

Miss K. Ruth Loser spent the week end at her home in Progress.

Mr. and Mrs. Maurice Rhodes, Miss Cunningham and Miss Amy Clippinger were the guests of Miss Irma Rhodes, '18.

Misses Lu'z, '19, and Moore, '19, spent a delightful afternoon at Lebanon on Saturday.

Miss Marab Gamble, Pres. of N. Hall, spent the week end with Prof. Seltzer, of Lebanon.

Miss Ada Beidler chaperoned a theatre party to Lebanon on Saturday evening. All present enjoyed the evening.

Miss Irma Rhodes, '18, has accepted a position as organist in the U. B. church at Myerstown.

CLIO.

The literary session held in Clio. Hall, Friday evening, was exceptionally good. There was a large attendance and the excellent program promises well for the future. Elizabeth Fencil read a very carefully prepared and interesting paper on Current Events. Her topics were very timely and proved very instructive to the girls who do not always avail themselves of the opportunity of reading the daily news in the Library. The vocal solo by Merle Saylor was greatly enjoyed. Myrtle Lefever read a very clever paper, entitled, "Vacation Memories." She told of her trip to Eagles Mere from where, in her imagination, she visited many of the girls. Many interesting and amusing facts were disclosed to her hearers. One would almost think that Miss Lefever had actually visited some of the girls because her account of their summer activities was so true. Kathryn Kreider claimed her audience with a reading taken from "When Patty went to Boarding School." Patty was very real to Miss Kreider's audience and each one sympathized with her in her sad experiences. Just as Patty was always ready to please everyone so Miss Kreider favored Clio with an encore. Clio is indeed proud of the Editor of the Olive Branch. The first "twig" was very good and it promises to grow into a strong and sturdy "branch."

PHILO.

The rendition of the programme at Philo Hall was spley and up to date,

all the numbers showing splendid judgment and excellent preparation. "Resume," by Clyde Dehoff, gave the audience an insight into many interesting occurrences at L. V. as well as a knowledge of some topics of interest which attract National and international attention. "Our Freshmen," by Cawley S. Stine, pictured Freshman life among the new arrivals in verdant style.

The debate was exceedingly spirited and interesting, altho the decision of the judges was in favor of the negative, both sides fought with determination and vigor. After the close of the debate proper, much interest was taken in the general debate.

The violin solo by Roy McLaughlin met with hearty appreciation and applause as it was a masterful rendition.

The last number, a soliloquy, by Mark A. Wingerd, was replete with the speaker's characteristic wit as well as humor. Although not a Freshman, each one felt that the speaker at one time surely must have passed thru the same trials.

GLEE TRYOUTS.

The annual "Scrub" Glee Club tryout was held last Wednesday evening at 7:30. The tryouts were in charge of Prof. H. Bender, a graduate of 1916. He was assisted by an orchestra which was specially secured by Manager Kateman. Many of last year's men figured in the tryouts, among which the most prominent were, J. Seltzer, B. B. Wingard and H. Durborow. Most surprising of all was the unusual quality which was found in the Freshmen class. The volume was wonderfully intense and the Freshies who could not B natural could neither C sharp. After singing several old songs the meeting became too dry and wary and all were thereupon served with refreshments by Evans, Snaveley and Ehrhart, who were on the bucket committee. Just in the midst of these enjoyments several shots were heard followed by ear rending cries for help and upon investigation it was found that J. Mellon had been cruelly and unceremoniously shot. The bullet entered the inner parallelogram of his diaphragmic thorax and further penetrated the outer cuticle of his basiliconthormatigist. However he recovered but the tryouts had to be postponed. Nitrauer, Duncan, Zellers and Fanel were the most promising candidates. We hope they will present themselves at the next tryout.

KALO.

The Kalozetean literary program of Friday evening was one filled with interest and entertainment from beginning to end. The first number was the President's inaugural address, by Leroy Walters,

COLLEGE NEWS

who spoke of the aims and ideals of Kalo, and the real benefits to be derived from solid, conscientious work along the lines that a literary society affords.

Mr. Garber's paper concerning the Y. M. C. A. work in army camps in France was very vivid and instructive, and gave a picture of the unselfish and self-sacrificing life of army Y. M. C. A. men who bend every effort to the comfort and welfare of the soldier.

The piano duets by Messrs. Walters and Hilbert were much appreciated and were rendered with the usual spirit. These men always put into anything they undertake.

This was followed by a spirited parliamentary drill in which the society was converted into the National House of Representatives. The bill before the House for consideration provided that all men above Sophomore standing in colleges of the United States be permitted to complete their college courses before being called into active Federal service. The bill was championed by Representative P. E. V. Shannon, of Lancaster county, Penna., and opposed by Representative Ramsey, of Missouri. After a spirited discussion in which Representatives Strickler, of Miss., Allen, of Conn., and others, participated, the momentous question was put to a vote. The bill carried the House by a considerable majority.

Mr. Snyder's paper giving a sketch of the great artists of the Italian Renaissance was much enjoyed by all, as were also the vocal solos by Mr. Greer.

Mr. Hartman, the editor of the Examiner, in his spicy manner read an edition of his periodical which was dedicated to the Freshmen, and was devoted to the humorous side of Freshman life, as well as to dealing out valuable advice.

"SENIOR HIKE."

Did you see that big bright moon on Tuesday evening? The Seniors did, and deciding it was a fit night for a hike, the class hiked to Love Island." Everything was in harmony for the occasion. Never before was such a class spirit dominant. Upon reaching the island a large fire was built and the air was soon rent with the barking of doggies who seemed to detest the manner in which they were treated. Then came the eats and everyone did justice to the buns, peaches, pretzels and marshmallows which the committee had provided in abundance. After every one had eaten to their entire sufficiency and were comfortably settled around the fire a pleasing program was rendered, consisting of several selections of the Senior Men's Octette and readings by the most representative members of the Department of Oratory, Misses Beidler, Lorenz and Mr. Katerman.

After the program, games were enjoyed. Gathering around the dying embers of the fire cheers were given for "our boys who are fighting for 'old Glory' " but are still a part of '18.

With the singing of the Alma Mater the party broke up with everyone feeling that the evening had been a most pleasant one.

PAY DAY.

The Y. W. C. A. will have Pay Day in the parlor of North Hall on Wednesday, October tenth, from 4:00 P. M. to 5:30 P. M. The members of the Y. W. C. A. are asked to pay their dues at this time, also their subscriptions to the Weidler Fund. Every girl who pays her dues or subscription will receive not only her receipt but a small favor. Bring your knitting and spend a social hour before supper.

Pay your bills and have a clear conscience.

The Y. W. C. A. is planning to have a Circus and Bazaar sometime in November and hope that everyone will be willing to help make the affair a success.

the offense and Rupp's defensive end work was superb. Capt. Morrison's work and leadership cannot be too highly praised. His self effacing dogged and inspiring perseverance is what is expected of a Lebanon Valley captain and shows the trust was not misplaced.

OUR FIRST HIKE

(Continued from Page One)

tended cordially enough, or that the enterprising class of 1921 was thought incapable of entertaining such unjust guests as those specially invited, that made them decline I can not say.

This fact, however, did not affect our spirits for merrily we trudged along. Uphill and downhill; past fields and woods, cemeteries and houses; and watched over by a tiny moon, we went. Finally we crossed a rather shaky little bridge, and there on a large, grassy spot we made our halting place. Soon in the most efficient manner a large, roaring bonfire was built. That farmers in the vicinity did not miss some fences the next morning, I am not willing to say. Be that as it may, soon we heard such mysterious hounds as "Bow, wow," now issuing forth from the fire as those dear, little dogs were roasted. Then we put them in fresh buttered buns and tasted them. There was an unanimous statement that those dogs had a queer taste, and that, a decided "moreish" taste. The eats committee certainly knew what they were about for there was more than seconds for every one. After the weenies came the marshmallows, toasted, and then sandwiched between little cakes.

After all us hungry ones had been satisfied, we lingered around the dying camp fire listening to speeches from several of the illustrious members of the class. Then we made the echoes travel by giving our "Shus Bang" yell to honor and thank our charming chaperon, Miss

Holtzhauser. We believe she enjoyed herself as much as any member of the class.

It took somewhat of a hard pull to start back again to the restrictions of the campus but as all things must have an end, home we started. For most of us, in fact I can safely say for all of us, we got back all too soon, the way back seeming very short indeed. Every Freshman will never forget the first hike of the class of 1921 not even if he gets as old as Methuselah for it was one perfect evening.

NEED OF STEADY TRAINING SHOWN.

Keating kicked off to Gilroy, who was downed after he had returned the ball 15 yards. A run around our left end for 15 yards, a line plunge, and a long forward pass, and Georgetown was 6 points ahead of Lebanon Valley.

L. V. again kicked off to Georgetown and they returned the ball to the middle of the field and on the first play Gilroy, one of Walter Camps "All American" favorites, running behind perfect interference, circled right end for another touchdown. Score, 12-0.

Lebanon Valley received the kick and after a rush or two Wheeler received a kick on the jaw and was forced to leave the game. The ball remained in mid field until near the end of the first half when a long run by Gilroy carried the ball to Lebanon's 10 yard line but here the visitors held until the whistle blew.

The second half started off much as had the first by the Blue and White defense crumbling for the first two or three minutes. During this time Georgetown pushed across two more six pointers finally getting the goals after the touchdowns. Georgetown made her last score early in the fourth quarter by the short end run method which had just netted the Washington team fourteen points. Lebanon Valley received the ball on the 20 yard line and carried it back 2 yards. An end run and a couple of line bucks netted one first down. A forward pass brot 10 more yards. With the ball well in the enemies territory Lebanon Valley kicked, recovering the ball a minute later by a fumble with the ball on Georgetown's 23 yard line. By reason of a penalty the ball was advanced 10 yards. A run around right end, another around the other wing added 8 more with first down and 5 yards for a touchdown. Keating made it a moment later thru right guard and tackle. After the kick out Keating put the ball squarely between the posts making the final score, 32 to 7, our team bringing home the short end.

Georgetown has a great team with a selection of plays which keeps the things moving. In Gilroy they have a star of the first magnitude. They will be heard from this year.

Lebanon Valley still shows the lack of hard training and a representative reserve team. Also too many

Conference

118th SESSION HELD IN U. B. CHURCH.

The past week was one of pleasure to the student body for the Annsville United Brethren Church entertained the ministers and delegates of the one hundred and eighteenth session of their Conference. It was indeed a treat to those who could attend the sessions of the Conference for they learned to know in a better way what the church really stands for.

Wednesday evening was educational night and every graduate and student of L. V. who was present felt that they were proud, as they had never been before, of their Alma Mater. The college choir sang a beautiful anthem and the solo by Miss Schmidt was highly appreciated for its beauty and clearness. The four-sided life of the students of L. V. was brought out. Rev. O. T. Ehrhart, '11, spoke of the educational work done in the college. Miss Weidler, '19, explained the social features. Athletics was discussed by Paul Shannon, '18. Rev. George Hallman, '17, spoke of the religious atmosphere of the college and the help gained by entering into the re-

"JUNIOR HIKE"

The lady in the moon invited the members of the Junior class to a hike last Tuesday night. A great many accepted the invitation and everyone who was in the crowd agreed that the lady in the moon was a most gracious hostess for she smiled upon each hiker all during the evening. She led the way to the Water Works and everyone was willing to go for the Freshmen had told their cousins that there one could spend a most delightful evening. Since the party was given in honor of Mr. Boughter's birthday he was requested to furnish the amusement. His oratorical ability was displayed to good advantage and the class of 1919 is proud that they have one member who can deliver stump speeches. A glorious camp fire was built and everyone prepared his own supper in good spirit. The only thing that happened to spoil the party was the fact that the dogs barked at the moon. The members of the class however appeased the wrath of their charming hostess by singing college songs and giving yells for their chaperons, Miss Lehman and Miss Holtzhauser.

Reserves Lose to Mercersburg

The Scrubs journeyed to Mercersburg on Saturday, where they were defeated by the strong Academy team of that place by the score of 63 to 0.

The Academy team is one of the strongest in years with a line averaging 190 pounds. Combining their superior weight with well organized team work the Academy boys scored numerous by a series of line plunges and forward passes. Rough tactics were used to advantage by the heavier team.

The Scrubs can well be given credit for the showing made against the Academy team. Though outweighed thirty pounds to the man they fought with splendid spirit but were unable to break down the strong offensive of their opponents. The team was badly crippled, both Clark and Beck being compelled to retire from the game because of injuries. Both men played a fine game for the Scrubs.

A DAY IN CARLISLE

PROF. A. E. SHROYER

It was a great pleasure to me to spend a Sunday in the old college town of Carlisle with the genial Rev. F. B. Plummer, '96, and wife in their great and successful Rally Day. They are completing their third year of a very popular and successful pastorate in the Grace U. B. church of the Pennsylvania Conference.

Carlisle is a town of 10,000 population, situated in the beautiful Cumberland Valley, which is a close rival to our Lebanon Valley for its natural beauty. While the town is one of our old towns, it is nevertheless modern in appearance. It is noted chiefly as an educational center. It has been the seat of the well known Dickinson College for more than a century. The school was founded in 1783. The buildings are grouped on a beautiful campus somewhat smaller than our own.

A Few minutes With Dr. Hutchinson.

Doctor Hutchinson, the versatile principle of Conway Hall, told me that the splendid and spacious preparatory school was closed by the trustees, due to the prevailing conditions. The new building was the gift of Andrew Carnegie in 1904. The college in all departments, including Conway Hall, will be short approximately 200 students. A committee has a plan under way to launch a whirlwind campaign on Oc-

A MUTUAL NEED.

The sessions of the East Pennsylvania Conference of the past week have impressed us more than ever with the part Lebanon Valley College must play in her relations to the United Brethren Church, and have also pointed out the course of the United Brethren Church in making possible the attainment of the highest aims to which both aspire.

Each individual student in Lebanon Valley can help to bring about conditions which will contribute to the fulfillment of these aims. It is for us all to realize first of all in our college life and activity, that we need the church, and by following out the satisfying of this vital need, we will soon find that the church needs us.

It is fitting at this time to call the attention of new and former students to this, and especially is this important to the new student, as it is essential in making a right start. Perhaps some former students are here who neglected to consider their relation to church activity in their first days and years in college. It is not yet too late to realize this, and the time to begin is now. A good finish is yet possible in spite of handicap, but the effort must be concentrated and strenuous.

To those of our students of our own denominational persuasion and those who have not yet declared themselves, we would ask you to consider just what place you have given the Christian church in your life, realize your need, and then we

would commend to you the local U. B. congregation, whose highest interests are in your welfare.

Literary Societies

KALUZETEAN.

The Kalo program on Friday evening was one of unusual interest and inspiration by reason of the presence at the literary session of many alumni members and other prominent visitors whose presence was made possible by the sessions of East Pennsylvania Conference at the U. B. church this week.

The piano solo by Mr. Greer and the selection by the male quartet were much enjoyed by all.

The literary numbers were interesting because of their bearing on up-to-date subjects. The paper by Mr. A. Light, concerning the present war-time condition of American colleges appealed to all. The facts presented enabled one to compare our present condition with that of other institutions of learning in America.

Mr. Shannon's essay which treated of the status of American Standards of education, dealt with the subject of endeavoring to determine whether the standards of higher education are being improved.

Mr. Edward Allen's paper on the subject, "Can America Stand," dealt with America's besetting evil,—the liquor traffic. This number was very timely and interesting and the thought and argument developed did credit to the cause of temperance and to the man who championed it.

Among those of the visitors present who made brief addresses to the society were, Dr. Funkhouser, of Dayton, Ohio, Rev. Richter, returned missionary from Africa, Revs. Halde- man, Lowery, Longenecker, Rhoades, Hasler, Mease, Mr. Nissly, of Mt. Joy, and others.

Essay—The World Before Our Eyes, Robert Burtner.

Cornet Solo—H. M. Ramsey.

Debate—Resolved, That all "conscientious objectors" in the military camps be compelled to wear the regulation army uniform.

Affirmative—W. N. Martin and C. Frost.

Negative—S. Dundore and H. Zerbe.

Chorus—Society.

Theme—The War Situation in Canada, H. Geyer.

CLIONIAN.

In order to allow the girls to attend the evening session of the Conference, Clio dispensed with its program. After the business session nine girls were received into the society. The ceremony was most impressive and we hope that Clio will mean much to the new girls. Let each member, new and old, remember that she must do her part to bring honor to the name—Clionian. We were pleased to have Miss Nellie Buffington and Miss Reba Lehman, former members of Clio, meet with us. A special patriotic program has been provided for this week.

PHILOKOSMIAN.

Philo's programme was well rendered, on Friday evening, before a large and attentive audience. Many ministers and lay delegates, in attendance at the annual conference in session at Annville, took advantage of the opportunity to visit the Philo and there, not only listen to the programme but also go back in thought to the days when they were actively engaged in Philo activities. Some of the oldest former members of the society were present. Their expression of loyalty, commendation, as well as good advice was heartily appreciated.

The effect of the war upon colleges by Mr. Katterman was ably discussed and brought timely information regarding the true conditions of affairs. Mr. Ness in a paper entitled, "Militarism, the Enemy of Peace," reviewed its place among Nations in the past and its corresponding destructiveness. He then showed that as long as militarism is encouraged, lasting peace cannot be secured.

Jesse O. Zeigler delightfully entertained the audience in the singing of two solos.

The debate, "Resolved, That Latin and Greek should be made elective in High School and College" evidenced preparation by both sides. The arguments advanced by the affirmative were from a utilitarian standpoint, while those presented by the negative characterized the modern age as one almost wholly inclined to express everything in material values. They also laid stress upon the fact that these languages are the foundation of our own language. The decision of the judges was in favor of the negative.

"Living Thoughts" by Mr. Boughter was characteristic of his sense of wit and humor and afforded a variety of merriment and laughter for those present.

Program.

Current Events—Earl S. Bachman.

Football Prospects—Benjamin P. Baker.

Debate—Resolved, that foreign skilled labor should be excluded from the United States.

Affirmative—Coleman Kennedy, and Harold Wrightstone.

Negative—Robert B. Morrow and Walter E. Deibler.

Quartette—H. Katterman, R. Hebr-
erlig, R. Ehrhart, M. Wingerd.

England's Strategy in the War—
O. T. Spessard.

"Life"—John I. Cretzinger.

COLLEGE NEWS

Y. W.—Y. M.

Mr. F. C. Havighurst, Traveling Secretary of the Student Volunteer Movement, addressed a joint meeting of the Y. W. and Y. M. C. A. on Monday evening in the Chapel. The subject of his address, "Am I A Slack-er?" pictured to the students the great need of educated men and women to carry on the work of reconstruction after the war. He said that we cannot escape being slackers unless we are willing to undergo sufferings and hardships in the same spirit as our brothers in the trenches. We as American students must learn to sacrifice in order to lessen the suffering of those engaged in the terrible conflict. He also said that we can best serve our country by going to college to prepare ourselves to fill the vacancies caused by this war, and that we have no right to be in college unless we are here with that purpose in view. After the address the "Old Story" quartette rendered the selection, "The Richs of Love."

EAST PENNA. CONFERENCE.

(Continued from Page One)

ligious activities. After this short program by the students Dr. G. D. Gossard gave a fine address summing up the successes as well as the needs of L. V. C. Everyone present enjoyed the address by Dr. Faust who represented Bonebrake Theological Seminary, Dayton Ohio.

Thursday evening was one of interest to the students. Rev. C. W. Shoop a missionary to South China spoke on the subject, "A New Day Dawning in China." Dr. S. S. Hough, a friend of the students, also gave a splendid address. At the close of the service several of our students dedicated their lives to God for foreign missionary work.

The students will not soon forget the interesting chapel exercises on Friday morning when the Conference joined with them in their morning devotion. Bishop Bell in his masterly manner gave a short address, the theme of which was, "The Spaciousness of Life." Everyone regretted that it had to be so short. Every session was just as interesting as those mentioned in this article and we wish to thank the Conference for coming to our town and giving us the privilege of hearing its able speakers.

SOCIAL NOTES.

Miss Ruth Loser, '18, Prof. of German, Lebanon Valley Academy, visited her parents at Progress.

Miss Myrtle Snyder visited her home at Robesonia over the week-end.

Mr. Norman Potter, '18, Wellsburg, W. Va., has resumed his studies at the college.

Mr. and Mrs. G. M. Hagy, Mr. and Mrs. Chas. Black, Steelton.

Prof. R. MacD. Kirkland, former Prof. of Latin at Lebanon Valley, was in Annville over the week-end.

Charles Loomis, '17, U. S. A. A. C., was the guest of Prof. Wagner, on Saturday.

Miss Virginia Smith entertained the following on Sunday afternoon: Mrs. J. B. Baker, Mrs. Milton Hummel, Miss Nora Ebert, Reading; Mr. and Mrs. Burkholder and Miss Phillips, of Philadelphia.

Miss Alberta Loose and Mrs. Reber, of Reading, were the guests of Miss Pearl Rothermel, '20, N. Hall.

Miss Lillian Goodyear, Miss Violet Jacobs and Miss Margaret McCurdy, Harrisburg, were entertained as conference visitors by Miss Ruth Bender, '18.

Mr. Raymond Nissley has returned to college after a three days visit to Camp Meade.

Grant Nitrhauer visited at the Nitrhauer home.

Mr. David Evans, '16, and Miss Naomi Hand, '17, were married during the summer and are both engaged in settlement work in a mining district in Whitman, W. Va. Our best wishes and prayers follow them in their work.

Miss Esther Bordner and Miss Martha Ziegler spent the week-end with Miss Bourgnier at Lebanon.

Mrs. J. Reily Bucher was among the guests who spent the week-end at North Hall.

Miss Virginia Smith enjoyed a three day visit from her father, Mr. E. C. Smith, a Reading delegate to the conference.

Mrs. M. D. Ruth and Mrs. Jessie Brossman, Sinking Springs, were the guests of Miss Kathryn Ruth, '18.

Misses Zeitlin and Smith enjoyed Friday evening at Lebanon.

Miss Meta Burbeck, '21, has discontinued her college work for the year due to ill health.

SUCCESSFUL TOUR.

Greeted by audiences which overflowed the seating capacities of auditoriums at concerts which were occasionally given in the open air, Mme. Schumann-Heink lately completed a short, and in many ways extraordinary tour thru the West.

On one occasion in Wenden, Ariz., Mme. Schumann-Heink sang in the open air to a audience made up very largely of miners and cowboys. Wenden is in the heart of the desert and many in the audience traveled several hundreds of miles to hear her.

The stage was built up on empty oil barrels and was attractively decorated with American flags. Friendly at the outset, the audience expressed in the most unmistakable manner the growing warmth of its enthusiasm as the concert progressed, and it was difficult for Mme. Schumann-Heink to make her final exit from the stage, even after granting repeated encores.

tober 15 for \$500,000 endowment for the college. They are confident and optimistic and expect to reach their goal.

Metzger College

Metzger College which was formerly a girl's college is now used as a girl's dormitory in connection with Dickinson College. The building is located a square from the college group proper.

Dickinson Law School

This school operated during the last 27 years in the building which was formerly the Methodist church, located a half square from the college. The Law School is moving into their magnificent new quarters one square westward. The old building has been purchased by the Rev. Plummer and congregation, to become the site of a new U. B. church. This will bring them into one of the best locations in the town, right under the shadow of the college, practically incorporating it into the college group.

Carlisle Indian School.

It was of unusual interest to make a tour thru this Federal Reservation. The campus is composed of 29 acres. Two farms, composed of 300 acres, are connected with the school at not a great distance from the town. It was a pleasure to meet the courteous superintendent, Mr. Francis, who told us many things of interest. The buildings are common but well adapted to their purpose. The work of the school is preparatory in nature. The vocational side of education is emphasized especially. There are in attendance between six and seven hundred boys and girls. The superintendent said that he had the least trouble with the students. His chief trouble was to get enough for them to eat notwithstanding the possession of the two farms of 300 acres.

The students are closely chaperoned to the various churches on Sunday morning. The girls are allowed to go to town one Saturday afternoon and the boys on alternating Saturdays. It was a sight to see a long string of girls going out for a hike to the farm in the care of lady chaperons. Some of the boys were in the gym having a time by themselves.

The Guard House.

This is a relic of Revolutionary times. It was built by the Hessian prisoners. I stood in the cell called the dungeon. It is a small room, void of furniture, with walls from four to six feet in thickness. No light of day enters. Only two small openings permit air to enter. Until five years ago students were placed in that guard house for discipline. A new guard house, more modern, has been built. Four boys were behind the bars expiating some mischief. We could converse with them but not see them. We saw numerous trophies won by Indian athletes. Especially interesting were those won by James Thorpe and those of the greatest marathon runner, Louis Tewanima, of whom it was said that the longer he ran the better he got.

men see practise only now and then. After a short illness Atticks came back wonderfully and with Keating showed great form. "Bob" certainly covered "Keats" punts well and either nailed the Georgetown quarter as he caught the ball or caught him farther back for a loss. Georgetown ran no kicks back. Our center showed some real foot ball ability, stopping many plays.

VOLUME VII IX

ANNVILLE, PA., THURSDAY, OCTOBER 18, 1917

Entered as second-class matter November 12, 1910, at the post office at Annaville, Pa., under the act of March 3, 1879.

Lebanon Valley Trims Millersburg

TOWN TEAM CARRIES HOME
72-0 SCORE.

Although the up-river team came with a reputation and a fresh victory over Susquehanna University, our Varsity found easy picking and before five minutes had passed it was merely a question how big a score our boys could roll up. The forward pass game was much talked of as an asset of the Millersburg eleven but on the second attempt a wide one was intercepted and our L. V. half back placed the ball between the posts for the first touchdown. This game Lebanon Valley proceeded to use herself working many long and short for gains varying from 10 to 30 yards. Atticks and Fishburn each tucked away six points by this route as did also Moore. The Varsity ran over several doubtful plays perfecting them and getting the old plays in good working order. With the second half the scrubs drifted until Coach Wheelock had exhausted his supply of 25 men. Perhaps the greatest point of interest of the game was when L. V. started the fourth quarter with ten men. The final score was 72-0.

AT AIKEN SIDE.

Among the various house parties held at Mt. Gretna over the past week end was one consisting of the Misses Seltzer, Gamble, Loser and Beidler. The party provided themselves with a map drawn by one of Prof. Arndt's ecology students, and with very little difficulty found Seventh St., Mount Gretna, Pa., after sun down, Friday night. They decided to dine out on Saturday noon and so having received directions from one of the natives, they started out for Bismarck. After going several miles out of their way they came to Bismarck at 2 P. M., only to find that neither the chicken dinner they had expected to enjoy, nor a substitute would be served until 6 P. M.—the regular 12 to 1 dinner hour being over. They provided themselves with whatever they could at the City Restaurant, and proceeded to Aiken Side, where the eight hands quickly prepared an impromptu dinner-supper. They decided to confine their activities within Gretna limits the next day, their only experience being gathering several chestnuts so graciously knocked down by a masculine member of another party. Very regretfully the party broke up housekeeping, and "prepared to stand" all the way to Annaville, altho paying full fare.

Y. M. Opens Social Room

ROOM N. 5 OPENED TO THE
STUDENTS.

The boys of the dormitory and day students, in this way, wish to show their gratitude to the administration for making it possible to open a Y. M. C. A. social room this year. Many classes have gone out from here with lingering regrets that their associations had been confined to narrow limits and hoping that a common meeting place would be established, where Senior and Freshman, Junior and Sophomore could come together in mutual relations. This desire has been the cry of man's social nature, which to neglect encourages the undesirable.

Room No. 5, first floor of the dormitory, is being furnished gradually by contributions from all corners of the building. A well selected library, magazines, newspapers, and Victrola, afford such desirable amusement that the room is occupied constantly. Above the writing table hangs L. V.'s "Honor Roll" of the boys in camp and from this source goes out to the camps and trenches (?) daily greetings and good wishes to some of the fifty not privileged to return.

From the high interest as shown by all it is evident that this fraternal spirit has already entered each room in the dormitory—played on the athletic field, and will be rumored in the various schools by the teams we entertain here.

EATS.

The night was dark, the stars were shy, the eats were good. So the returning crowd of students said. Mr. Katerman's table had a feed in Bachman's woods, Thursday evening, October 10.

The pleasure of the event was marred by but a few mishaps such as falling in holes. One of the stunts of the evening was to prove that Freshmen are too green to burn and an affirmative conclusion was reached. After having enjoyed the plentiful supply of goodies, the hikers, Misses Hershey, Miller, Bortner, and Bostock; and the Messrs. Baker, Deibler, Katerman, and Heberlig, under the chaperonage of Prof. Holtzhauser and Mr. Ziegler, returned to their dormitories having enjoyed themselves to their utmost capacity.

Prof. and Mrs. C. E. Smith and Mr. and Mrs. Kriesely, of Red Lion, were the guests of Prof. S. O. Grimm.

Sophs Win Tug-of-War

TEAM WORK COUNTS FOR BROWN
AND WHITE.

In the first organized inter-class battle of the year the 1920 boys got away with a good thing, 6-0. As a result the student body will remain in dense ignorance of the colors and pennants of 1921 until some time next January. The new men were game to the last and very nearly copped the last pull. The first tug lasted about a minute of which the first 30 seconds were nip and tuck. The second was easier and the third but the rest were hard fought from the first sound of the whistle to the last.

Something which we found especially to be recommended is the fair spirit of sportsmanship displayed. There was little wrangling, less depreciation of opponents. These few came from the upper classes. The Sophomores were very courteous and gave their opponents, as a mark of respect we should be glad to see more of, the yell for the fellows on the other end of the rope.

RESOLUTIONS.

Whereas, it has pleased God in his infinite wisdom to call from this earth the mother of our beloved classmate, William G. Keating.

We, in behalf of the class of 1918, extend to you, our most sincere sympathy in this, your greatest hour of bereavement.

Furthermore, that a copy of this be put on the minutes of the class and a copy be published in the College News.

Respectfully Yours,
DANIEL E. WALTER,
ROY O. McLAUGHLIN,
DALE N. GARBBER,
Committee.

HOUSE PARTY.

It was a merry bunch that left Annaville on Saturday morning to spend the week end at Gretna. Everyone was badly in need of rest from the strenuous class room life and the wholesome air of Gretna had its desired effect. Hiking, eating, and laughing were the sports engaged in with an occasional swim in the lake.

The party included the Misses Edna Weidler, Grace Snyder, Elena Secrist, Anna Fasnacht, Susan Bachman, and the Messrs. Walter Deibler, William Martin, Leroy Walters, Benjamin Baker, and Paul Hilbert. Miss Carrie Bachman, of Lebanon, chaperoned the jolly crowd.

EDITORIAL.

Carlyle has given to us the following aphorism "To choose the best is the art of existence." The entire system of activities today is a confused and almost indefinite mass of events and conditions. These elements are so presented to us that many of us are led to take them in natural succession as they pass by as kaleidoscopic pictures upon a screen. We choose the course of least resistance and instead of plucking the choice and most beneficial fruit, are content to pick the specked and ever half fermented class of food and endeavor to digest them as tho they were of the very best kind. Naturally our moral, physical, social, and spiritual constitutions will soon feel the results of improper and inadequate nourishment and the eventualities will be of a most disappointing nature.

Why not be less hasty in our decisions and selections? Why not wait until the highest grade of material is exhibited before we make our purchase? It is wise or expedient for us to burden any side of our fourfold nature with incompetent and indigestible compounds of carelessness or lack of consideration? In our school of life many are the opportunities that tend to make us fly off on a tangent and seek an easier course of travel. Will we not adhere to that which is highest, noblest, and best and allow the others to remain unmolested.

College life is merely the door leading into the world, but this door is surrounded by countless opportunities of evil as well as of good. The choices we make as we are on the threshold are essentially the fundamental element in our future lives. Along with Carlyle's words we might place the motto of 1918, "Not how much but how well." Remember,—it is not how much you do or in how many activities you are engaged, but it is the quality of your work and choice that will be most helpful and effective for the individual as well as for society as a whole.

Literary Societies

KALOZETEAN.

The meeting in Kalo Hall on Friday evening was a very interesting one. The program was spicy and full of pep. The paper by Mr. Burtner on, "The World Before Our Eyes," was a well written composition, and gave the persons present in short outline, the events of the day. The cornet solo by Mr. Ramsey was of excellent quality and was greatly enjoyed by all. The debate, "Resolved, that all conscientious objectors in the military camps should be compelled to wear the regulation army uniform," was upheld on the affirmative by Messrs. R. Mease and C. Frost. They showed how regulation uniforms would be more efficient and more practical. The negative side was upheld by Messrs. P. Shannon and H. Zerbe. They also gave good arguments, the main one being that a man's conscience should not be overruled. After a lively debate, the judges gave the decision to the affirmative side. The general debate was lively but one-sided, being practically all in favor of the affirmative side. The chorus by the society was full of pep. "The War Situation in Canada," by C. Hartman, was well written, and very timely. It gave a concise conception of our American brothers in this war.

Program.

Paper—How Belgium Was Fed, W. H. Isaacs.
Piano Solo—P. Hilbert.
Reading—D. Walter.
Paper—"The Tanks," E. Allen.
Chorus—Society.
Extempore.
Examiner—Editor.

CLIONIAN.

The Clion program on Friday evening was especially interesting because of its patriotic nature. Miss Engle's Ode to Columbus, was very clever and gave due honor to the man who discovered our country.

The reading by Miriam Lenhart, entitled, "Old Glory," aroused the patriotism of every girl present and as she told how our flag received the name of "Old Glory," everyone present loved her flag a little more, if that were possible in this time of war when everyone is willing to die for the flag.

Everyone enjoyed Miss Kline's solo, "Keep the Home Fires Burning," also Miss Richwine's excellent piano solo.

The Olive Branch which is Clion's medium of exchange of jokes and clever sayings was up to the standard and produced the usual round of laughter.

Program.

Book Review—Elizabeth Gallatin.
Vocal Duet—Mary Lutz and Martha Schmidt.
The Russian Revolution—Grace Snyder.
Chorus—Society.
Reading—Violet Mark.
Parody—Sara Light.
Chorus—Society.

PHILOKOSMIAN.

The program rendered at Philo Hall on Friday evening was in accord with Philo's high standard. After a spirited and helpful devotional exercise Mr. J. Zeigler nicely outlined the foot ball prospects at L. V. and as the speaker clearly showed, L. V. altho laboring under many difficulties is making a splendid fight.

The debate concerning the exclusion of skilled labor from the United States was very timely and full of interest. Altho the decision rendered was in favor of the negative, it should not be surmised that the argument was all on that side. The affirmative side emphasized the harm resulting from the wholesale entrance of foreigners into the United States. The moral, economic, and physical phases were treated.

The need of skilled labor in the United States was ably presented by the negative. It was also strenuously argued that America, a civilized nation, should share her higher ideals and give others the value of them. The general debate was very interesting.

The quartette by the Messrs. Katterman, Heberlig, Wingerd, and Ehrhard, was humorous and interesting.

Mrs. Spessard in a paper entitled, "English Tactics in the War," presented some of the strategic movements and designs of the English army in the past months. It was splendidly prepared and well rendered. "Life," by J. I. Cretzinger, proved the speaker to be very much alive. His quaint wit and humor afforded a pleasant time and much laughter.

Rev. S. Daugherty was cordially greeted and brot encouragement to Philo.

Program.

At Other Colleges—Harold Engle.
The Mechanism and Manipulation of the Submarine—C. W. Gemmie.
Debate—Resolved, That the United States should give up its sovereignty in the Philippine Islands.
Affirmative—Charles Horn and Russell Ehrhart.

Negative—Wm. Evans and H. S. Durborrow.

Flute Solo—Calvin F. Fencil.
Sing Sing Prison, Past and Present—E. F. Castetter.
"Living Thots"—Editor.

DO YOUR BIT.

The L. V. girls have started to help in Red Cross work, by making bandages, compresses and sponges. The girls have met several times and will continue to meet at least twice a week. The work is instructive as well as interesting. Each girl's bit is needed. The hours are posted and announced. Come to Room 5, South Hall, and do your part.

Opening Recital

The student's monthly recital was held on Monday afternoon, October 15, 1917. The following officers were elected: Pres., Miss Richwine; V. Pres., Miss Wissinger; Sec., Miss Zeigler; Treas., Miss Bordner; Monitor, Miss Rhoads. After the election, the following program was rendered:

Brahms—Hungarian Dance, No. 6, Piano, Miss Martha Zeigler.

Five Minute Talkalogue—Miss Helen Landgraph.

Jungmann—Will O' the Wisp, Piano, Miss Sara Moeckel.

Krzyzanowski—Nocturne, Piano, Miss Ethel Wissinger.

L. V. Wins Third Big Game

ANNVILLE BOYS OUTCLASS MAIN-LINERS.

Coach Wheelock talks: "The whole team played foot ball. They all played all that was in them." Haines made a nice run and our place kicker should be mentioned. For villanova, Weegan and McGuckin with Giggles were offensive stars, while Lynch played a powerful defensive game. The left side of our line had the bulk of the work to do and handled it finely.

Captain Morrison somehow has a persuasive influence, for tho' Villanova successfully judged the fall of the coin, Lebanon Valley received with the wind at their backs, defending the west goal. "Twisted" Wine received the kick on his own 15 yard line and carried it to the 30 yard line before he was downed. In three downs the ball was advanced 6 yards. Wheeler dropped back to punt but the ball went over his head and was Villanova's on the 20 yard line. In a minute L. V. had the ball again and advanced it to mid-field where they kicked to Squiggles on his 5 yard line. He returned the ball 2 or 3 yards when a half dozen blue striped, human catapults, buried him as in an avalanche. Villanova made several short gains and tried a tackle play which Walter stopped like a shot but he was so jarred he had

VILLANOVA.

The school which lies a scant 200 yards ahead as you leave the Villanova station of the Interurban Electric Line, was founded in 1842, by the Augustan Order of the Roman Catholic church. They celebrate their seventy-fifth anniversary this year.

The buildings—5 or 6 in number, —are built of grey limestone and are covered with ivy. They are closely grouped overlooking a beautiful Campus set with trees and shrubs and leading down the Lincoln Highway. Around the college buildings and Campus lie about 300 acres of land which belong to the school. Just beyond the Campus lies the Athletic Field.

The college proper occupies the main building,—the largest of the group. In it is housed the Engineering School, whose course is the best and most popular one offered. There is offered also a course leading to the A. B. degree. Many of the instructors in the Engineering School

Statton--Brightbill

One of the most elaborate weddings ever solemnized at Annvile occurred on Thursday evening, when Miss Helen Elizabeth Brightbill, daughter of Mr. and Mrs. Maurice E. Brightbill, became the bride of Philo A. Statton. Rev. A. B. Statton, father of the bridegroom, officiated, assisted by Rev. Dr. S. F. Daugherty. The music was unusual and comprised an elaborate program. Miss Laura Christeson, organist, and Miss Elizabeth Johnson, violinist, played, "O Promise Me," during the cere-

Camp Taylor,
Y. M. C. A., No. 153,
Louisville, Ky.

Dear Editor:—

I am way down here out of touch with things in Pennsylvania and I am mighty anxious to hear what is doing at Lebanon Valley. Out of the 30,000 men here I have found only one face that I had seen before. I am athletic director here at Camp Taylor, Louisville, Ky., in the Army Y. M. C. A. It is wonderful work and I am enjoying it very much. However it is a real job and has its unpleasant features, but that is war. We live in the camp and undergo the same hardships as the soldiers. It is the dustiest place on earth down here. On a windy day you eat dust, you are blinded by dust, and you sleep in dust at night.

It was a sad sight to see the draft army coming in. The boys here in Kentucky are much different from those in Pennsylvania. There are 30,000 of the draft age who can neither read nor write. Many of them never saw a train before they started on this trip. There is a grand opportunity for work among these fellows and the Y. M. C. A. is putting in some good licks. We sell them stamps, furnish them with writing paper and many other useful little needful articles all free. We supply base balls, basket balls, foot balls, volley balls, quoits, etc., and supervise all their games. We furnish them with some kind of a program every night free, such as movies, lectures, music, stunt programs, etc. Our best day for letters written and mailed was 4983 and about 400 parcel post packages. We have nine Y. M. C. A. buildings here with a force of more than 50 men. It might be interesting to you to know that the Y. M. C. A. is planning to spend 35 millions between now and next July. I shall be mighty glad to hear from any one who might care to write me.

Sincerely,

R. J. GUYER.

P. S.—My best wishes to the foot ball boys. Tell them to go to it.

Underclassmen Joint Hike

FRESHMEN AND SOPHOMORES CELEBRATE SOPHS VICTORY IN TUG-OF-WAR.

In view of the fact that the Sophs won the Tug-of-War, and in order to show their true class spirit, they extended an invitation to the Freshmen to join with them in a large celebration. It was heartily accepted and at 7:30 o'clock on Tuesday evening they set out together for Bachman's Woods, where a royal good time was awaiting each one. After building a fire the party got together and immediately the atmosphere was filled with the pleasant noise of the doggies barking at the marsh-mallows as they were rapidly being thrust into the fire together. The party was chaperoned by the Misses Lehman and Seltzer and Mr. Jaeger who proved their ability as chaperons, by the good time which they made possible for every one. In the speeches given by the presidents of the respective classes, the desire for many more occasions of a similar nature was most heartily voiced by all present.

LET'S GO TO LEHIGH.

Lehigh is seventy miles from here. Why not spend \$3.50 or \$3.15 for car fare and see us give Lehigh a hard game. If the manager will take us on his mileage it will only cost \$3.15, plus the price of two meals and entrance fee; or perhaps our manager will take us all in as Mascots. You know what we did against them last year. Spend \$4.50 and see us beat Lehigh. Won't it be worth it? GIRLS, how about it. Everybody come out and watch the boys practice. Know them in uniform so you will know them on the field at Lehigh. Let's get some spirit. You know there will be a mass meeting this week, so let's go out for it and give the boys what they well deserve, the best send off ever.

RED CROSS.

The girls are continuing their work in making Red Cross bandages. On Friday night they completed the gross for the week. Music and fudge were enjoyed. At the next meeting gauze compresses will be made. The time will be announced.

Announcement has been received of the marriage of Miss Beatrice Strevey, Ex. '20, to Mr. Ralph Wilcox, Oct. 6, 1917.

Literary Societies

PHILOKOSMIAN.

Those present at the literary session of Philo on Friday evening enjoyed the rendition of an inspiring and instructive program. A paper, entitled, "At Other Colleges," by Harold Wrightstone, brought out many points of interest at other educational institutions. "The mechanism and Manipulation of the Submarine," was ably discussed by C. W. Gemmil. He explained the utility of the storage battery, the system of under boat ventilation, the torpedo tube, with its deadly charge, and the periscope. The subject was indeed very timely.

The debate, regarding the question of the United States' sovereignty of the Philippines, was full of interest and sound argument. The affirmative side contended that the United States is honor bound to give the Philippine self government since internal disorder has practically ceased and the natives are capable of it. The contention of the negative side rested upon the benefits which the United States derives from the Islands.

"Sing Sing Prison, Past and Present," was a well prepared paper by Mr. Castetter, which explained the past methods at that penal institutions and told of many of the new methods inaugurated by Mr. Osborne while warden at Sing Sing.

Two Flute Solos, by Mr. Fencil, were greatly appreciated by all. A slight diversion in the program was "Living Thots," by Mr. Boughter. In a variety of jokes and jests the audience found occasion to give expres-

sion to their humorous inclinations.

Program.

Extempore—Jesse O. Zeigler.
Governmental Price Regulation—R. S. Sloat.
Debate—Resolved, That Germany was justified in unrestricted warfare against the Allies.
Affirmative—R. S. Heberlig and Rufus R. Ness.
Negative—Ray Wingerd and Norman C. Potter.
Vocal Solo—Mark Wingerd.
The 400th Anniversary of the Reformation—J. L. Berger.
"College Bills"—Henry S. Haines.

KALOZETEAN.

The meeting at Kalo Hall on Friday was a very interesting one. The program was of its usual high standard and was enjoyed by all who were present. The paper on, "How Belgium Was Fed," by Mr. Isaacs, was timely and full of information. The piano solo by Mr. Hilbert was well rendered, and the applause is a basis of judgment, it was thoroughly enjoyed. The encore was especially lively and up to the minute. The reading by Mr. Walter showed very clearly his oratorical ability. The numbers read were well chosen and appealed very much to the audience. The impersonation was good, and humor prevailed thruout. The paper on, "The Tanks," by Mr. Allen, showed clearly the important part these armored tank-like machines will play in the remainder of the war. The extempore by Mr. Paul Shannon, "My First Marriage Ceremony," was very humorous and gave to all the idea of a special marriage ceremony as conducted by a greenhorn. The Examiner by the Editor was spicy and full of live jokes as usual. It was a good culmination to such an interesting program.

Program.

Current Events—R. Uhler.
Piano Solo—G. Greer.
Paper—Our Soldiers, R. Nissley.
Debate—Resolved, That America's Industrial Prosperity Shall Continue to Flourish After the War.
Affirmative—A. Light, H. Zerbe.
Negative—C. Shannon, R. Snyder.
Chorus—Society.
Paper—The German Theory of Warfare, E. Willard.

OLIONIAN.

Clio enjoyed an excellent program on Friday evening. Elizabeth Gallatin reviewed Wm. J. Lock's, "The Wonderful Year." It was very cleverly done and the interest in the story did not lag at any point. The vocal duet by Mary Lutz and Martha Schmidt was enjoyed by all present. Grace Snyder in her paper on the Russian Revolution gave a true and interesting outline of the history of the revolt. During a downpour of rain everyone enjoyed singing the chorus, "Hark! How the Rain is Falling." Ada May Beidler read "An Order for a Picture," by Alice Carey. Her interpretation was excellent. Helena Maulfair read a sparkling parody. Her subject was, "Initiation."

Program.

Ballad—Mildred Dunkel.
The University of Sing Sing—Lucia Jones.
Piano Solo—Irma Rhoades.

News of the Week—Anna Fasnacht
Reading—Violet Mark.
Chorus—Society.

are laymen and some are Protestants. The Ecclesiastical school occupies Corr Hall. Here the Professors and Instructors are all officials of the Order.

Villanova Preparatory School, in a building of its own, takes care of the boys of High School age while Tolentine Academy is the home of the boys from 6 to 14 years of age. The Dining Room is located on the first floor of the main building. During each meal the instructors in their black gowns lend a quaint and Mediceal touch to the atmosphere as they pace back and forth among the tables. They occupy their table at the head of the room when the boys leave.

The students have a high regard for their school and lots of college spirit. As the players went to their tables after the game, altho defeated, they received a warm welcome and some received personal cheers. When all were in they were given a rousing cheer.

PARTY FOR LEFT-OVERS.

Last Saturday night was a memorable one for North Hall, the occasion being an impromptu party for all North Hall girls who remained over the week-end. The Misses Lehman and McLean were charming hostesses and all present had a most enjoyable time.

Just as the party was breaking up, an unexpected guest, the dog Tippey, was discovered lying under a chair. The girls decided to keep him as a mascot for North Hall, but Miss Lehman would not permit him to stay in the house unless he were bathed. Lots were cast to choose the person who should do the honors—and the Fates chose Miss McLean.

She responded at once by carrying Tippey up stairs to one of the bath rooms where he was thoroly scrubbed with Dutch Cleanser. After being dried well and perfumed, he decided to spend the night in Miss Margaret Wier's room, which he accordingly did.

Tippey is well liked by everyone but the North Hall girls are particularly proud of him.

STAR COURSE.

The joint Star Course Committee has completed the program for the coming season. The attractions are of the highest type and the entire program is entertaining and enlightening. The usual booklets will be out in a few days and it is hoped that every student will avail himself of this splendid opportunity for classical advancement. The first number will be on October 31st, Chaplain E. H. Loughler, a famous traveler, will lecture on, "The Shakes of the World." Mr. Loughler has had a wide experience and will be fully capable of presenting to us new Sociological and Economic problems of today.

Mr. William Goodyear, '19, of the U. S. A. A. C., spent an enjoyable furlough with L. U. friends.

L. V. WINS FIRST BIG GAME

to leave the field. After a futile attempt to gain, McGuckin kicked but the kick was blocked and L. V. recovered the ball on Villanova's 30 yard line. With 10 yards to go, the Main Line team checked the onslaught and Atticks was called on for a place kick which he put squarely between the posts. Lebanon Valley received again and the quarter was up.

Playing the game safe the ball was slowly advanced to mid-field. Here a forward pass was intercepted and Villanova showed her greatest strength. A successfully executed forward pass placed L. V. on the defensive inside her 20 yard line; but the line held, and when McGuckin tried a drop kick he was hurried and the ball flew wide of the mark. The half ended with the ball in the middle of the field.

The second half opened with Villanova receiving the kick. The game see-sawed in the middle of the field until Haines, our stellar half back, got away on an end run and leaving a trail of would-be-tacklers, proceeded to place the ball behind the posts. It was a beautiful run with everyone of the 60 yards filled with thrills. Lebanon Valley again kicked off to Villanova. The quarter was soon up and the goals were changed.

After allowing a first down, our defense strengthened and when McGuckin tried a long drop kick it was blocked. The pile was untangled and Simondette was found with the ball squarely hidden under him. straight line bucking began, which ended a minute later when Atticks received Rupp's forward pass over the line for the last score, "Robby" failing to add the one point. The rest of the game was too short for another score.

Fishburn and Haines each intercepted forward passes. Fishburn recovered the first blocked kick. Rupp played a steady, thoro game and directed the team well.

Y. M. C. A.

The session of Y. M. C. A. on Sunday afternoon was unusually helpful and interesting. Prof. J. T. Spangler in a very forceful way gave a message of unmistakable meaning to every male student in Lebanon Valley. The theme of the message was, "The Heroic Life." Among other things, he said that it is impossible for us to exalt Christ. We can only lift up the exalted Christ. We cannot set Him before the World unless He dwells in our lives. We must believe with all the heart and be living testimonies of his love and power.

The sins that beset college men were forcibly pointed out. Among those enumerated were Intemperance, Impurity, Graft, Selfishness, and Godlessness. Amazing facts and figures concerning social problems were presented. Godlessness is a curse of modern life. There is not much theoretical atheism in the world today, but an astounding prevalence of practical atheism,—men living without God. A warning was sounded in regard to selfishness. College men must realize that they must give before they can receive. We must put something into L. V. before we can get anything out. We must be reformers; Jesus, the transformer. The student's duty in opposing sin was clearly pointed out. The speaker too gave some excellent practical advice to new men, and pointed out the pitfalls which beset their life in college.

The Y. M. C. A. only regrets that so few of the men were present to hear this helpful message and wishes to make the invitation more urgent to the men of Lebanon Valley to take advantage of these exceptional messages which will be brot from time to time on Sunday afternoons.

Y. W. C. A.

The Y. W. C. A. meeting on Sunday afternoon was exceptionally good. The delegates to the Eagles Mere Conference gave their reports and made every girl more interested in Y. W. C. A. work than she had ever been before. Louisa Williams had charge of the meeting and gave a general summary of the Conference. Elizabeth Gallatin reported on the different Bible and Mission Study Courses offered. Ada May Beidler and Myrtle Lefever spoke of the various addresses given. Each speaker was full of inspiration and shared it with the girls and all were helped by this little view of the Conference. The meeting was extremely helpful to the girls who were not privileged to attend the Conference.

AT "GRETN A PINES."

Miss Helen Schaak entertained a party of L. V. friends at the Schaak cottage, Mt. Gretna, over the week-end. A most delightful time was spent in hiking, chestnuting and all kinds of merry-making. Horstick, '17, and Umberger, '17, entertained the crowd with guitar and mandolin music. The guest of honor was William F. Goodyear, a former L. V. man, who responded to the call of Uncle Sam, and is now with the Ambulance Unit at Allentown. He delighted the bunch with many thrilling tales of camp life.

The party was chaperoned by Prof. Elizabeth Woomer, '17, and Rev. (?) Charles Horstick, '17.

The merry party consisted of, Misses Helen Schaak, Helen Hoover, Ruth Hughes, Ethel Lerew, Violet Mark, and Messrs. Umberger, Evans, Kreider, Burtner, and Goodyear.

Professors McLean and Holtzhauser spent the week-end at their homes in Philadelphia.

mony. As the bridal party walked down the aisle of the church, the bride leaning on the arm of her father, a sextette of friends of the bride sang Lohengrin's "Wedding March." Following the ceremony, during the recessional, the sextette sang, "Peace I Leave With Thee," the Vassar benediction. Mrs. Paul W. Kreider was the matron of honor. Four of the bridesmaids were Vassar girls and the others were Miss Madeline Statton, sister of the groom, and Miss Louise Kreider.

The bride was beautiful in a milinery creation of white satin, with a long satin train and veil wreathed with orange blossoms, draped with white Georgette crepe. She carried a bouquet of white swansonia. Immediately after the ceremony a very charming reception was tendered to the newly married couple at the Brightbill home.

Mr. and Mrs. Statton left during the evening for a honeymoon trip to Florida and they will be at home to friends at Oak Hill Avenue, Hagerstown, Md., after November 15.

The wedding was the culmination of an acquaintance of school days, both the bride and bridegroom having been students at Lebanon Valley. The bride later matriculated at Vassar and was a graduate of the 1917 class. Mr. Statton is a graduate of Columbia University.

The "News" extends best wishes and congratulations to the bridal pair.

L. V. C. MINISTERIUM MEET.

The L. V. C. Ministerium met several weeks ago in its first business session and elected the following officers: Pres., Paul E. V. Shannon; V. Pres., John L. Berger; Secy., Harry Krim, and Treas., Orville Spessard. E. E. Bender presented a very helpful paper on the "Relation of the Ministerium to Lebanon Valley, the Conference and the Church at Large." The organization, it was pointed out is not to be merely a nominal one but one that will accomplish things for the further progress of L. V. and the church. It was decided that insofar as possible the members would aid in the general work in the church, such as aiding in evangelistic campaigns and in filling temporary pulpit vacancies. The next meeting will be held on Thursday, October 25th, at 6:15 P. M., at which time the "Seven Dispensations" will be briefly reviewed. All ministerial students and friends are most cordially urged to attend these meetings.

Referee—Fonda, Stevens Institute. Umpire—J. Keady, Lehigh. Head linesman—Chenoweth, Lehigh. Time of periods—Two 12 and two 15 minutes.

Keating started the third annual tilt with the University at Bethlehem by booting the ball to D. Maginnes who was downed on the 25 yard line. In a moment or two the same man got away for a 55 yard run leaving the ball on the 5 yard line, from which point it was pushed over for the first score. The ball was near the side line and on the punt out was fumbled so that try at goal not allowed. Lehigh kicked off to Lebanon Valley. After gaining slightly Keating kicked to Herrington who was downed like a shot. By end runs from kick formations and massed line plays Lehigh scored their second touchdown.

The second quarter opened with a rush for Lebanon Valley, but after carrying the ball from the kick off inside the Brown and White's 20 yard line a disastrous fumble gave the ball to Lehigh when a score seemed a matter of seconds. After allowing 3 first downs Lebanon Valley held, forcing Lehigh to punt. Keating was about to receive the ball on his own 5 yard line but seeing the proximity of the line stepped aside and allowed the ball to bounce over the line when a Lehigh man fell on it. Here the umpire, a brother of Lehigh's coach, called the ball dead and a touchdown notwithstanding the fact that he was exceeding his

UNIQUE PARTY.

One of the nicest parties ever given at L. V. was held in the public school room at South Hall on Saturday evening. The Third Graders of South Hall and their teacher invited the Third Graders of North Hall and their teachers to visit them in their school. In spite of the rain most of the children were able to get to school and they were all very glad, especially because Superintendent McLane visited the school and the children were permitted to exhibit their different talents, both in singing and speaking pieces. When recess came all the children were given lunch and then enjoyed themselves by playing games. When the make-believe school broke up everyone declared the South Hall girls delightful hostesses.

MEN'S GLEE CLUB.

The College Men's Glee Club has been reorganized for the coming season, and is working on an excellent program. The club consists of twenty men, and its personnel includes eight new voices. Rehearsals are now being held regularly and the club already shows excellent form under the skilled direction of Prof. Sheldon.

The coming season promises to be the biggest and best ever, and Manager Deibler already has several concerts booked. Personnel:

First Tenors:—Messrs. Deibler, Greer, Nitrauer, Ramsey. Second Tenors:—Katerman, Stine, Herring, Reber, Farrel. First Bass:—Zeigler, Walters, Durborow, Ehrhart, Kreider. Second Bass:—Hilbert, Geyer, Schwalm, Wingert and Emenheiser. The Assistant Musical Director and accompanist for the club is Prof. P. M. Linebaugh, of the Conservatory Faculty.

SCHUYLKILL WINS FROM RESERVES.

In a hard fought game on Saturday the Scrubs lost 13 to 7. The game began by our team kicking. We soon held them for downs and they had to punt. The ball was first in our territory and then in theirs with our boys showing the spirit which only L. V. boys can show. The half ended 0 to 0. In the beginning of the third quarter Schuylkill kicked to us and our team proceeded to march down the field gaining 10 yards at a time. With the ball on their 40 yard line Willard circled right end for a touchdown. This was the prettiest and longest run of the game. Then their strength commenced to tell and thru straight line plunges they made two touchdowns. Our boys are to be congratulated on their showing as they were out weighed five pounds to a man, but in spite of this, played with spirit and aggressiveness. Ness's tackling and Willard's all around playing were the features of the game.

Los Angeles Amendment

A BIG FACTOR IN Y. W. C. A.

THIS YEAR.

The association meeting last Sunday was well attended and very interesting. Edna Weidler was the leader. Her subject was "Discovering A Year." She spoke of the happiness of discovering new things in a year of one's life. "If you ever decide to live a year be sure to choose some theme to sound through all the way. To live your year with God—that is the sheer joy of living."

Miss Williams presented the work of the Patriotic League. Everyone was quite interested and a league will be organized among the girls. The work of the League is promoted by the Junior War Work Council of the National Board of the Y. W. C. A. Each member must sign the following pledge: "I pledge to express my patriotism

By doing better than ever before whatever work I have to do;

By rendering whatever special service I can to my community and country;

By living up to the highest standards of character and honor and helping others to do the same."

At the present time the Y. W. C. A. Cabinet is discussing the Los Angeles Amendment of the new membership basis. "This amendment contemplates a change in the basis of membership in student associations. Communicant connection with some Evangelical church is the present requirement. Those not so related are admitted to associate membership. For this it is proposed to substitute, as an alternative basis, a declaration of sympathy with the object of the Association, and of purpose to live one's life as a true follower of the Lord Jesus Christ."

It is desired that each girl think of this new membership basis. In the next issue of the "News" an article in favor of the Amendment will be given. The following week an article against it will be published. Read these articles and decide for yourself which basis of membership will be best. Each Student Association is privileged to use which ever basis they consider best adapted to their own Association.

EDITORIAL.

We have been hearing more or less of Culture and Kultur. Recently we were given this definition: "Culture is a habit of the mind instinct with purpose, cognizant of a tendency and connection in human achievement, able and industrious in discerning the great and the trivial." It is not an intellectual acquisition, it is a habit. It is not the man who reads and reads the works and life of an author, who is cultured, but it is he who has in him the spirit of the literature. To him, literature proves a revelation.

Art is another avenue of approach to Culture. Here again one must have the spirit of the artist. In our study of Philosophy we follow and trace the mind of one great philosopher, follow the processes of his thought and learn to think for ourselves. The same is true of science and history, as of literature:—We must grasp science, not merely study it. It is not so much the knowledge acquired of a subject, that makes us cultured, but it is the spirit with which we grasp the subject. How about religion? Is a thoro knowledge of religion sufficient? The test of a religion is its life. Does our religion live in us?

Of course, if we are in the spirit of a movement, we have traced it to its present development. A man many think himself cultured and in the spirit of the Labor, the Political, or the Woman Movement, because he has read all that Plato has written of Politics and all that has been written of the principles of labor and the woman movement. But he cannot be in the spirit of them unless he knows their latest develop-

ments. By knowing these, he is actually "cognizant of a tendency and connection in human achievement."

How are we to be "able and industrious in discerning the great from the trivial?" Some time ago the nation was in suspense, for the greatest thing then was the test of who might be the greatest man. And Johnson, a negro, was proven to be the greatest man! Among other things, there are three great movements which we must realize and take into account. They are: Socialism, Evolution, and Higher Criticism of the Bible.

CHARLES ZEUBLIN.

Very impressive will be the interests of war in the immediate future. The students who have entered or returned to college this year to carry forward their intellectual training are still students. This summer they must have heard a great deal of sage counsel, finally warranted by their own conscience.

However, added to this good advice some excellent things may be cited, which many of our students, especially members of the Education classes, heard at the Lebanon County Institute. The principal speakers were Charles Zeublin, a publicist and author, from Boston, and Dr. McFarlane, Professor of Geography in N. Y. City College. In Charles Zeublin's speech on "Standing Army or Working Army," were obtained the following facts. One cause of the war is that the American people spend too little time in the service of the state and they have so little of life. The only way to peace is by organization. Pacifists must learn to understand the army and how to use it for peace. Militants must learn more about the Nation. We should have a transformed army which would make things useful for life. In Europe the people obey the commandment, "Thou shalt serve the Nation," and thus their armies are a part of the nation. Our people are not prepared to serve the Nation. Parents have not trained their children in the right way and from these we have our army. Discipline and not merely obedience is the great thing needed. Militarism is not modernized and does not prepare for the great initiative. Our greatest problems today are, "What are the people going to do after the war? What are we going to do with the soldiers who come back? How can we train men and have World Peace?" After the war we must be prepared for either war or peace. From Prof. William James we have the best statement of

this problem. "Make peace as picturesque as war."

From Dr. McFarlane was heard the startling statement that had we known more about our geography we might have averted this war. Before the war Holland, Sweden and Spain imported no grain. Since the war they imported from the United States alone many million bushels. Recently we learned that it all went to Germany. Had our study of the geography of Germany told us how little grain that nation produced in comparison with the population, we should have known better than to feed them. In many ways Dr. McFarlane showed the value, in fact the necessity, of studying "Dollar Geography."

PUBLIC RECITAL.

The first public recital was held in Engle Hall, Tuesday evening, October 23. The program was very well rendered, which was shown by the hearty applause. The following program was given:

1. Poldini—March Mignonne, Piano, Miss Esther Bordner.
2. Groeger—Scene Orientale, No. 3, Organ, Miss Emma Witmeyer.
3. Chaminade—Air de Ballet, Piano Miss Ruth Zoll.
4. Wollenhaupt — Whispering Wind, Piano, Miss Myrle Saylor.
5. (a) Miordani—"Caro mio ben," Songs; (b) "I Judge Thee Not," Mr. Goodridge Greer.
6. W. H. H. Murray, "Deacon Tubman's Horse Race," Reading, Mr. Rufus Ness.
7. Brahms—Hungarian Dance, No. 6, Piano, Miss Martha Zeigler.
8. Schumann — Aufschuring (Soaring), Piano, Miss Marie Richwine.
9. Brahms—(a) "Wie Melodien zieht es mir," (b) "Am Sonntag morgen," Songs, Miss Madeline Harrison.
10. Dubois—Grand Choeur, Organ, Miss Irma Rhoads.

LEBANON VALLEY COLLEGE TO THEIR

Annual Hallowe'en Party

THURSDAY EVEN., NOV. 1, 1917

Literary Societies

PHILOKOSMIAN.

The presence of many members of Clio at the literary session of Philo added interest and enthusiasm to the rendition of the program.

Mr. Jesse O. Zeigler in the opening number extemporized on "Our Girls," the speaker showed familiarity with the subject. "Government Price Regulation" was a paper well prepared and well read by Ralph L. Sloat. The efforts of the government to effect an acceptable scale of prices was explained. Thus far the effects have been mainly theoretical for few substantial results have been realized.

The Debate regarding the justification of Germany's unrestricted warfare was characterized by strong argument, logical arrangement and effective presentation. Both sides showed good preparation. The arguments of the affirmative rested mainly on Germany's need for expansion and the continuous pressure upon her by other Nations. The Negative side contended that the German policy and conduct is unhumanitarian and oversteps all international law. The argument thruout was keen and spirited. The decision of the judges was in favor of the negative.

Mark A. Wingerd delightfully entertained the audience in the rendition of two vocal solos which were greatly appreciated as expressed by the applause.

Clyde A. Dehoff ably discussed the 400th Anniversary of the Reformation. The causes, effects and contentions of this great upheaval which affected not only religion but also many other phases of activity were received in their relation to the present time.

"College Bills," by Henry Haines, added wit and humor to the evening's entertainment. This process of relieving oneself of some "hard cash" was humorously described.

Philo is grateful for the presence of the ladies at the session and cordially invites them to return.

Program.

Survey—Robert B. Morrow.
A New Liberal Party—Clyde A. Lynch.

Debate—Resolved, That the United States was justified in their Insular Aggrandizement after the Spanish-American War.

Affirmative—Leroy S. Dietrich and F. B. Snively.

Negative—Walter E. Deibler and Mark A. Wingerd.

Ukulele Duet—H. S. Durborrow and R. Ehrhart.

Reading—B. P. Baker.

"Living Thots"—Editor.

KALOZETEAN.

On Friday evening Kalo enjoyed another of its most profitable sessions. The meeting was interesting thruout and was of its usual caliber. The first number was "Current Events," by R. Uhler. Mr. Uhler, although one of the new men, gave a concise and very interesting statement of the events of the day. He not only emphasized the war events but also gave us an idea of the local events of great importance. The second number was a paper, "The National Army Cantonments," by R.

Nissley. He gave us a good idea of the location of these camps and also the work required to construct these cantonments. The place of these cantonments in the life of a soldier was strongly emphasized. The debate, "Resolved, That America's Industrial Prosperity shall continue to flourish after the War," followed. The affirmative was upheld by Messrs. Light and Zerbe. Their chief point was the fact that American capital was to replenish the warring nations and thus increase the industrial prosperity. The negative, upheld by the Messrs. Shannon and Snyder, gave as their chief point the economical side of the question; that the Europeans will have to depend upon themselves, and can not purchase materials from America, thus making a decline in the industrial prosperity. The judges decided in favor of the affirmative. This was followed by an Extempore by William Martin, "On How Campus Work Helps a Student." His explanation was instructive, especially to the new men, as it pointed out a complete, well-rounded life. The closing number, "The Naturalized Americans," by E. Willard, was helpful to each one, and gave the audience an idea of the attitude of the naturalized Americans.

Program.

Current Events—W. Davis.
Piano Solo—L. Walters.
Essay—Russia's Dangers—Its Causes and Cures—D. Walter.
Chorus—Society.
The Challenge to Naval Supremacy—S. Dundore.
Armenia and the Armenians—E. Strickler.

CLIONIAN.

Clionian Literary Society enjoyed a very interesting program last Friday evening. After brief devotional exercises by the chaplain, Miss Dunkel read an original ballad full of local color. Miss Jones presented a very good paper on "The University of Sing Sing." We learned of fine improvements in prison life and its standards. A pleasing piano solo by Miss Rhoades was extremely entertaining. In "News of the Week," Miss Fasnacht brought us what was happening through out state, country and the world. Varied and interesting events of importance were presented to our attention. 2 column, 2 inches long 12 ems insert page 2.

Miss Mabel Miller and Miss Julia Bostock attended the Schuylkill Seminary game on Saturday.

CIRCUS AND BAZAAR.

The Y. W. C. A. will give a Circus and Bazaar in the Alumni Gymnasium, December 8. Let everyone help make it a success. Several interesting stunts are being planned and they will be worth seeing. If you are asked to take part in the Circus, accept willingly for you are honored as this is the first Circus ever given at L. V. and you can help make it a success.

authority in that he admitted that he
did not know whether Keating had
touched the ball or not. Lehigh add-
ed another score in this period. Score,
26-0.

With the third period Lebanon
Valley showed a desperate spirit to
overcome this great lead and succeed-
ed in rushing the ball the length of
the field for a touchdown on a pass
from Haines to Atticks. Immediately
the game assumed the aspects of a
gladiatorial contest. In the fourth
quarter the big team's weight, 12
pounds to the man, greater than Leb-
anon Valley's, told greatly in the
scoring of the last touchdown.

Keating and Haines deserve es-
pecial mention but all the team play-
ed hard against most discouraging
conditions.

AMONG THE COLLEGES.

The spirit at Rutgers College is
better this year than it has ever been
before. The student enrollment is
only 437. Once a week the entire
student body assembles for cheering
practice. Over sixty men are com-
peting for positions on the college
weekly. Eleven men from the Junior
Class are trying out in a competition
for cheer leader.

The students at the University of
Kentucky can obtain first class board
at the rate of \$3.50 per week. A
Cafeteria which has just been opened
gives accommodations to 175 stu-
dents. The low price is made pos-
sible solely by efficient management
and co-operative buying.

Y. M. C. A.

The Y. M. C. A. session on Sun-
day afternoon was fairly well attend-
ed and very interesting thruout.
Messrs Russell Ehrhart and Rob-
ert Morrow were the leaders. The
subject was, "True Manhood," and
was dealt with from different stand-
points by both leaders. Christian
character and its standards were con-
sidered.

The meeting was favored by a
selection by the "Old Story Quar-
tet," which was much enjoyed by all.

L. V. Walks Away With First Game

In the first game of the season L. V. gave us reason to hope for great things. A close game was anticipated and the first half was up to expectations. The score at the end of the first half being 19-12. The second half, however, was all our way, our boys getting sixteen two pointers.

Seltzer's shooting was good, he being the high scorer, with seven goals. Walter played only the first half but his playing was at all times the best. Moore, a new man, came to us with a big reputation and made it good the second half when he caged six from the floor, besides playing a good floor game. Fishburn, a last year's Reserve took Walter's place the second period and played well.

The only law from L. V.'s point of view was the exceedingly poor foul shooting. For the fourth season our team seems doomed to go thru a season getting fouls at the rate of 6 out of 17.

A LETTER FROM ONE OF OUR SAMMIES

The following letter from J. Paul Hummel, '17, with the U. S. Ambulance Service now in action with the French Army, was received by Homer M. Ramsey, on Nov. 30th:

Tuesday Evening, Nov. 13, 1917.
"Somewhere on the Western Front."
"I certainly was glad to receive your most interesting letter of Oct. 13, on last Friday as I returned to camp after my twenty-four hours at Poste de Secours. I can readily understand my enlistment being somewhat of a surprise to you, because I really greatly surprised myself. I fully made up my mind only a few hours before I took the train for Philadelphia, where I joined the U. S. Army Ambulance Service, and three days later I was at the con-

EXTRAORDINARY SESSION

OF BOARD OF TRUSTEES

A very important meeting of the board of trustees of the college was held on Thursday, December 6. This meeting was called immediately after the special meeting three weeks earlier for the especial purpose of acting upon the proposed amendments to the by-laws of the college and for completing the plans for prosecuting the campaign for an adequate endowment.

That a new era in the history of Lebanon Valley College and of education in the church in the East is at hand is evident. The business transacted at these two meetings has shown that our folks who are interested in this college are alive to the importance of Christian education and that they are ready to do their utmost to place the college on a firm financial basis so that she may serve the church and society in a most efficient way than ever before.

The by-laws were amended as proposed. This action places the financial management of the college in the hands of a finance committee composed of six business men, each conference to be represented by at least one member on this committee.

THANKSGIVING PARTY.

On Saturday evening, Dec. 1, Miss Lehman entertained the left-overs at her home on Main street. The guests of honor were: Miss Edith Lehman, '13, of Abbington, Pa.; Mr. Max Lehman, '01, of Camp Meade, and Mr. Walter Deibler, '19, of Newport Naval School. On arriving, Prof. Lehman 'got the game' from most of those who were brave enough to play Professor's favorite game,—Anagrams. The laughter of the players was accompanied by the click of the knitting needles and the tones of the Victrola. The two 'boys' then presented interesting stories of army and navy life. After being served with most delightful refreshments, half of the party sang for the benefit of the other half, who were blind-folded. Miss Schmidt played an imaginary Bag-pipe, and Prof. Lehman, blind-folded, easily guessed that she was playing the "fool." With Miss Schmidt and Max Lehman at the piano, the party ended with some hearty singing. Included in the latter were, "Where We Go From Here," and "Over There." The guests departed being very happy to have spent so delightful an evening with the Lehmans.

The Indian String Quartet

The third number of the star course was enjoyed on Friday evening, December 7, when the Indian String Quartet and Richard Kennedy, Story Teller, rendered a most pleasing program, as follows:—

Programme.

1. The Star-Spangled Banner.
2. The Hunt, or The Braves on the Chase, Turney, The Music of a Buffalo Hunt.
2. Morning Song, Turney, An Indian worshipping on a hilltop at sunrise.
4. Butterfly Dance, Turney, A ceremonial of the Hopi Indians of Arizona.
5. Prayer to the Rain God, Turney, From the Navajo Indians of Arizona.
6. The Spirit Dance, Turney, A ceremonial of the Sioux and other tribes.
7. Indian Art, A talk by Mr. Kennedy about the Indian baskets, rugs and art work displayed, to be examined more closely by the audience at the close of the program.
8. From an Indian Lodge, MacDowell, Indian Music idealized.
9. Cheyenne War Dance, Skilton, The wild war song of long ago.
10. An Indian Legend: "The Miser at Mt. Tacoma," R. H. Kennedy.

ALFRED SOMNERS NOVEL WORK

Quite infrequently we hear of how some L. V. alumnus has gone out into the world and has done something commendable and of most noteworthy character. The most recent of these encouraging reports is concerning Alfred Tennyson Somners, of the class of 1902. Mr. Somners came to us from his home in Patifunk, Province of Sierra Leone, West Africa, thru the encouragement of Bishop Kephart. After finishing his course at L. V. he studied for a time in a medical school in New York. From there he went to Sierra Leone, where he taught for a few years in our church mission school, Albert Academy. Recently it was decided by the English government to teach the Africans in their own language. This necessitated the formation of a grammar and dictionary for the five Sierra Leone languages. For this work the government commissioned Alfred Somners and he very ably has performed the task. The books have just come from the press. Surely this incident should encourage L. V. and her students and arouse interest and enthusiasm in mission work.

EDITORIAL.

All of us are guilty of the error of careless, thoughtless and unwarranted conclusions, due largely to the fact that we are unwilling to put our own thinking faculties to work and to discover any real conditions that may be prevalent around us. We are apt to look over the top of character and circumstances and, as if thru a telescope, we see things that are far removed from us, and often we even look into the wrong end and see things removed to even a greater distance. How many of us have been shocked by the horrors of crime and vice in the large cities. How often have we been keyed up to a condition of righteous indignation, because of the existing evil in other removed parts of the country. We are willing to talk about these circumstances for which some one else has been responsible and we even condemn them with the utmost vigor and vivacity. We urge that those responsible should open their eyes and upon seeing, should act accordingly. But how about ourselves?

With all these degenerating influences in human society, and all the attending results of vice, will we be presumptuous enough to say or believe that our own institution has remained untouched, unscathed by the filthy hand of degeneracy? Are we so extraordinary, so exceptional that we could withstand these influences? Is it right for us to blind ourselves, and remain optimistic toward all these things? No. Let us open our eyes and see that we actually have been allowing things to exist that should long since have been wiped out of our school.

In our daily associations let us look deeper than the outer manifestation of conduct and may we see the dual side of every personality, whether both are similar or not. In-

trospection, altho difficult to use is one of the God-given powers to enable man to better himself and his environment. Take account of stock.

Y. M. C. A.

The Y. M. C. A. was addressed on Sunday afternoon by Orwin J. Farrell, '21. His subject was, "Character Spells Destiny." In the discussion he set forth very forcibly the underlying principles of character building and the wonderful attainments possible for an initiative and unswerving determination. He showed plainly that even as Abraham Lincoln was called and prepared for the abolition of slavery, so God has called us for a special work and it is impossible for us, as it was with Lincoln, to accomplish our task without having built up a strong character.

Further, he said that character is what we are, and not what people think we are, and he made an earnest plea especially to the boys who will enlist, to be sure that they are building character that will stand the test. All who wish to be destined for something high and noble must cultivate the best habits possible, for character spells destiny.

Y. W. C. A.

The subject of the Y. W. C. A. meeting, Sunday afternoon, led by Dorothy Lorenz was, "The Consecration of the United Sacrifice Made by the Students Through the Students Friendship War Fund." A special program had been prepared by the National Board of the Y. W. C. A. and was sent to all Student Associations. Miss Lorenz read a personal message from Dr. John R. Mott, and an article entitled, "To all Modern Crusaders." Everyone enjoyed Miss Schmidt's solo, "O Love That Will Not Let Me Go."

LATEST WAR NOTE IN FASHIONS!

"Military effects" has been the keynote to all the winter fashions. Military coats, military hats, military shoes have all been very popular. The most recent development of this trend is the helmet, which promises to be the most popular head-gear of the co-eds during the cold weather. There are two kinds of helmets, those after the Red Cross pattern, and the others. The latter have a distinct advantage over the former in that they give greater freedom to the face.

Literary Societies

KALOZETEAN.

The meeting at Kalo Hall was held on Thursday, instead of Friday night as usual; this being the night of a star course number. The society opened by a paper on "The Why and Wherefore of Things," by W. Plumber. The paper dealt with all the interesting current events. Following this Mr. Dundore read a paper on, "The Pre-Civil War Period of American History." In it he clearly outlined all the facts leading up to the great civil war, and contrasted the different conditions of the North and the South. Mr. Walters now gave a piano solo. The encore especially was very interesting, being an interpretation of a lover, playing beneath the window of his loved one.

The debate followed. The subject was, "Resolved, That the Chautauqua movement supplies the needs of popular education." The affirmative was discussed by Messrs. D. Garber and R. Snyder. The negative side was upheld by Messrs. W. Isaacs and B. Emenheiser. The judges decision was in favor of the negative. The house however decided in favor of the affirmative. A chorus by the society followed and the closing number was the "Examiner" by the editor. It was, beyond doubt, full of spicy jokes and witty sayings and was a fitting close for a literary program.

Program, Dec. 14, 1917.

Just Jingles—A. Zellers.
The Meaning of Religious Freedom—A. Light.
Piano Solo—L. Walters.

BAZAAR AND CIRCUS.

The Annual Christmas Bazaar given by the Y. W. C. A. will be held Dec. 15th, in the gymnasium. The doors will open at 5 o'clock. Come and buy your Christmas presents at this time. A beautiful assortment of Japanese goods will be on sale, also candy, pop-corn and ice cream. A new feature has been added to the Bazaar this year and that is a winter-time Circus. Live moving pictures will be shown. Through the influence of spirits the beautiful statue of Galatea will be brought to life. Don't fail to hear Mme. Cherowski's Harmonic Orchestra which will furnish a short program. The Circus will begin at 7:30 o'clock. An admission of five cents will be charged.

Mr. Reuben W. Williams, '17, has been awarded a Second Lieutenant's commission, after a course of training in the Officers Reserve Camp at Fort Oglethorpe. Lieut. Williams was a visitor at L. V. a few days last week, the guest of his sister, Louisa. He left for his new command on Friday, which will be with the 54th U. S. Infantry Regulars, who saw service "on the border," and are now located at Chicamauga, Ga.

Walter Deibler, '19, on a five day furlough from the Naval Training School, Newport, R. I., visited L. V. during Thanksgiving vacation. He has been in training for about a month and is in fine health and as ever is an enthusiastic supporter of Uncle Sam.

George A. Williams, '13, has enlisted in the medical corps of the army.

John L. Berger's, '18, new address is, Co. C, 25th Regiment Engineers, Camp Devens, Ayer, Mass.

Ross Swartz, the only L. V. man to receive the commission of First Lieutenant, visited friends at school last Tuesday.

David Fink, '17, of the Naval Training School, Newport, R. I., gave a fine address in the U. B. Sunday school. He spoke of the magnificent work of the Red Cross Society and the Y. M. C. A. and declared that without this aid the war could hardly be fought.

Homer Fink, '17, of the Base Hospital, Allentown, spoke in the U. B. church, Sunday evening.

Claude Kleinfelter, '18, also of the Naval Training School, Newport, R. I., visited friends in Annville over Thanksgiving.

Second Lieutenant Larew, '19, of Camp Meade, Md., visited friends at Lebanon Valley during the past week.

THE INDIAN STRING QUARTET

Continued from page 1)

nedy. The stories of the Indians are as remarkable as their music or their art.

11. Serenade Quartet (No. 19) First Movement, Mozart.

12. Traumerei, Schumann.

13. Norwegian Dance, Grieg.

14. Barcarole, From the Tales of Hoffman, Offenbach, Cello Solo, with other instruments of the quartet playing the accompaniment.

15. Serenade Quartet, Last Movement, Mozart.

The quartet is composed entirely of young American Indians who have been educated in government schools and for several years have been special students in music at the Indian Training School of Chumawa, Oregon.

Each member is a representative of a different tribe. The North American Indian had music for every occasion and the audience was made to feel the joys, sorrows, passions and religion of separate tribes thru the selection of the quartet.

Apart from the beauty and inspiration given by their music, the work of the quartet is highly educational.

Interesting introductions to all the numbers were given by Richard Kennedy making it easy to understand the selections. He is a man of wide experience and portrayed a wonderful picture of Indian life in his nar-

ratives and legends.

The rare combination of talent shown both by quartet and story teller enthused and delighted the audience.

BRIGHTER DAYS FOR L. V.

(Continued from Page One.)

This measure ought to establish confidence in all of our co-operating territory. The members of this committee will be elected at a subsequent meeting.

Four things more of great importance were done. First, the board and the friends of the college present voted to definitely commit themselves to the prosecution of the campaign for an adequate endowment. Second, Congressman A. S. Kreider was unanimously elected director of this endowment campaign. Third, it was agreed to adopt in large part the plans of the Methodist church by which they have raised millions for similar purposes. Fourth, the matter of the goal of the campaign was referred to the executive committee for determination and it was ordered that the results of their deliberations shall be reported for ratification to a joint meeting of the three co-operating conferences to be held at the call of the bishop on December 27, at Harrisburg. Congressman A. S. Kreider, director of the campaign, Bishop W. M. Bell, bishop of the east district, Dr. S. C. Enck, superintendent of the East Pennsylvania Conference, Dr. A. B. Statton, Superintendent of the Pennsylvania Conference, and President G. S. Gossard are the members of this committee.

A goal of \$250,000 has been freely spoken of, but by many this amount is not considered sufficient to do the great work that the college and education will be called upon to do during the next decade and more, nor worthy of the ideals, nor commensurate with the prosperity of the church. Some have suggested \$500,000 as the very smallest sum that would satisfy the above conditions. Others have proposed even greater sums. No sum could possibly be suggested that would be commensurate with the task that confronts Christian education and we trust that the goal will be set at the very highest possible amount.

The completion of this endowment fund will lift the college out of the mire and will enable it to rise to meet the increasing demands that will and ought to be made upon it. Definite and permanent advancement will then be possible and the college will have a fair opportunity to demonstrate its worth to the

church and the church will profit in return as it gives liberally to this project.

Miss Esther Bachman, '17, who is an instructor in English in the Carbondale High school, spent the Thanksgiving vacation with her parents on Maple street.

Ada Beidler, '18, spent a very pleasant vacation on College Ave., the guest of Elizabeth Gallatin, '18.

Ruth Loser, '18, entertained Merab Gamble, '18, over Thanksgiving, at her home in Progress, Pa.

A LETTER FROM ONE

OF OUR SAMMIES

(Continued from Page One.)

centration camp at Allentown where
I met the other L. V. Boys.

As you know, Beidel and Snoko
are also over here, but Snoko is in
the Quartermaster's Dep't. and
will, no doubt, not see service at the
"Front," and as to Beidel, I haven't
seen him yet.

I have been up here within a very
few kilometres of the French lines
for about three weeks, and I have
seen and experienced some truly
wonderful sights and incidents. You
may hear much from those who have
been here, and you might read lib-
raries about this war but TO KNOW,
YOU MUST BE HERE.

You refer to my experiences as to
the reality in the religion of Jesus
Christ, especially in this contact
with so many young men. I must say
that I have met very few soldiers
whose lives are counting to a con-
siderable degree positively in the
Christian life. I need to pray and
read God's Word continually and I
ask you to remember me with all
"the boys in Khaki," when you speak
to Him.

Especially at this season of the
year when the whole world should
have their hearts turned to an un-
bounded observance of Christ's Natal
Day, I am hoping and praying that
Peace and Righteousness may soon
reign throught the world in the hearts
of men and that we may, at some
not far distant time again hear that
angelic refrain, "Glory to God in
the Highest, and on Earth Peace
Good-Will Toward Men."

You may covet my days spent
here in far-away France, but my
prayer is that this awful carnage
shall cease before it is necessary for
America or any other country to
sacrifice more of its life-blood on the
Altars of Freedom, for Humanity
and the World.

You remarked about my close
call while crossing the "Quittapa-
zilia?" and said you hoped I would
have no more. Well, just a few days
ago I was standing about 15 feet
from a "dug-out" (that's what we
live in here) when I heard a German
shell coming in the air not very far
from where I was. I suppose I
broke all records in going for that
'dug-out' and in doing so, I caught
a Frenchman on the port-side and
sent him sprawling. But he, laugh-
ing, picked himself up and I turned
in time to see the "Boche" exploding
not more than 75 yards away.
Again, a shell tore a hole in the
road over which I had passed not
an hour before. The hole was about
4 feet in depth and not less than 6
feet in diameter. The other evening
a shell exploded in the same road
and killed 5 men. The work is really
more dangerous than a Freshman-
Sophomore foot ball game.

I wish you might give my regards
to all the "fellows" and tell them
that I would be glad for even just
a word from them.

Wishing you a Merry Xmas and a
Happy New Year, I am,
Yours in His Service,
J. PAUL HUMMEL,
Sec. 7, 46 U. S. A. A. S.,
With French Army,
Secteur 82,
France.
